12 week risk assessment context

All women should be encouraged to access maternity services for a full health and social care assessment of needs, risks and choices by 12 completed weeks of their pregnancy to give them the full benefit of personalised maternity care and improve outcomes and experience for mother and baby.

Reducing the percentage of women who access maternity services later in pregnancy through targeted outreach work for vulnerable and socially excluded groups will help to reduce the health inequalities these groups face whilst also guaranteeing choice to all pregnant women.

12 week risk assessment summary of results

The Q1 2013/14 onward collection of 12 week risk assessment, breastfeeding initiation and 6-8 week breastfeeding data was collected directly from maternity service providers and child health information system providers.

136 maternity providers were identified for 12 week and breastfeeding initiation submissions. During Q1 2014/15 providers who had not submitted during 2013/14 were given a final opportunity to do so as a result we have received data returns covering 133 of these providers Q1 - Q3, an uptake rate of 96%, for Q4 136 providers submitted data, an uptake rate of 99%.

As of the 01/06/2014 some of the Maternity services transferred from RN3 Great Western Hospitals NHS Foundation Trust to RD1 Royal United Bath NHS Trust as a result 139 provider trusts submitted data from Q1 2014/15. The level of maternity provider submissions at Q1 2014/15 was 100%.

As of the 01/07/2014 RVL Barnet & Chase Farm Hospitals NHS Trust became a part of RAL Royal Free NHS Foundation Trust as a result 138 provider trusts submitted data from Q2 2014/15. The level of maternity provider submissions at Q2 2014/15 was 100%.

As of the 01/10/2014 RV8 North West London Hospitals NHS Trust and RC3 Ealing Hospitals NHS Trust merged to become R1K London North West Healthcare NHS Trust. Also, as of the 01/10/2014 RD7 Heatherwood & Wexham Park Hospitals NHS Foundation Trust merged into RDU Frimley Park Hospital NHS Foundation Trust. RGT Cambridge University Hospitals NHS Foundation Trust and RQW The Princess Alexandra Hospital NHS Trust are unable to submit data due to recently transitioning to new clinical systems. As a result 136 maternity providers should have submitted data for Q3 2014/15, with 134 maternity providers submitting data. The level of maternity provider submissions at Q3 2014/15 was 99%.

As data submissions are now above the validation limits we have sufficient data coverage to publish an England figure for the Q1 - Q4 2013/14 & Q1 - Q3 2014/15.

12 week risk assessment

In England the Q1 2014/15 percentage seen before 12 weeks and 6 days was 96.1%, for Q1 2013/14 percentage seen before 12 weeks and 6 days was 94.7%. In 2012/13 Q1 the percentage seen before 12 weeks and 6 days was 91.8%, compared with 2011/12 (91.5%) and 2010/11 (85.3%) (Table 1).

In England amongst the 195 CCGs that passed validation in Q1 2014/15, the percentage seen before 12 week and 6 days ranged from 0.8% in NHS Corby CCG to 165.5%* in NHS North Tyneside CCG and the percentage of maternities that were seen after 12 weeks and 6 days ranged from 1.3% in NHS Corby to 264.2%* in NHS South Devon & Torbay CCG (Table 5).

In England amongst the 132 Trusts that passed validation** in Q1 2014/15, the percentage seen before 12 weeks and 6 days ranged from 3.3% Dartford & Gravesham NHS Trust to 807.3%* The Royal Bournemouth & Christchurch Hospitals NHS Foundation Trust*** and the percentage of maternities that were seen after 12 weeks and 6 days ranged from 1.4% in York Teaching Hospital NHS Foundation Trust to 287.5%* South Devon Healthcare NHS Foundation Trust (Table 3).

* For 12 week risk assessment some recorded figures are greater than 100% of maternities. The reason for greater than 100% recording can be traced to two possible causes.

Firstly that the indicator definition compares bookings for mothers having assessments at a trust to the number of maternities at the point of delivery at that trust 2 quarters later. However the maternity at the point of delivery figure may be lower than the number of mothers having assessments due to mothers suffering miscarriage, women choosing to undergo a termination or women transferring to another hospital.

Secondly that women who live in urban areas where there are multiple hospitals they could chose to delivery at often chose to undergo assessments at more than one hospital to enable them to compare maternity service provision. As a result women may be double counted, leading to a higher ratio of assessments to deliveries.

- ** Note that the maternities validation flag for RN3 GREAT WESTERN HOSPITALS NHS FOUNDATION TRUST, RD1 ROYAL UNITED HOSPITALS BATH NHS FOUNDATION TRUST, RAL ROYAL FREE LONDON NHS FOUNDATION TRUST, R1K LONDON NORTH WEST HEALTHCARE NHS TRUST and RDU FRIMLEY HEALTH NHS FOUNDATION TRUST were removed owing to the merging or transferring of maternity services therefore there was no valid historic comparison data to validate against.
- *** Note that RDZ THE ROYAL BOURNEMOUTH & CHRISTCHURCH HOSPITALS NHS FOUNDATION TRUST book women for antenatal care and also provide their postnatal care, the majority of women then birth at another trust. The reason for this is that the trust does not have a facility for high risk intrapartum care therefore all of these women go to another trust.

Please see Data Quality notes for trust specific explanations.

Note

- 1. England actuals and percentages are calculated including the data from those PCTs or CCG's who have failed the validation criteria.
- 2. Number of women seen after 12 weeks and 6 days of pregnancy is defined as number of women seen any time during pregnancy MINUS Number of women seen by 12 weeks and 6 days of pregnancy
 - 3. Red cells mean that no. of maternities does not meet validation criteria (see definitions sheet for details).

Red cells mean that no. of maternities does not meet validation criteria (see definitions sheet for details)

Hed cells mean that no. or maternities does not meet validation criteria (see definitions sheet for details).

^{3.} England actuals and percentages are calculated including the data from those CCGs who have failed the validation criteria.

^{4.} Number of women seen after 12 weeks and 6 days of pregnancy is defined as number of women seen any time during pregnancy MINUS Number of women seen by 12 weeks and 6 days of pregnancy

^{5.} Where % over 100 automated calculation of Confidence Intervals is not possible

- Note

 1. Red calls mean that no. of maternilies does not meet validation criteria (see definitions sheet for details).

 2. Blank cells mean that data does not meet validation criteria (see definitions sheet for details).

 3. England actuals and percentages are calculated including the data from those CCGs who have failed the validation criteria.

 4. Number of women seen after 12 weeks and 6 days of pregnancy is defined as number of women seen any time during pregnancy MINUS Num

 5. Where % over 100 automated calculation of Confidence Intervals is not possible

Data Quality

Q1 - Q3 2013/14 Non submissions from:

R1H BARTS HEALTH NHS TRUST, RXK SANDWELL AND WEST BIRMINGHAM HOSPITALS NHS TRUST, RAJ SOUTHEND UNIVERSITY HOSPITAL NHS FOUNDATION TRUST, RTP SURREY AND SUSSEX HEALTHCARE NHS TRUST and RDZ THE ROYAL BOURNEMOUTH AND CHRISTCHURCH HOSPITALS NHS FOUNDATION TRUST

Q4 2013/14 Non submissions from:

RXK SANDWELL AND WEST BIRMINGHAM HOSPITALS NHS TRUST and RTP SURREY AND SUSSEX HEALTHCARE NHS TRUST

Q1 2014/15 All trusts submitted data

Q2 2014/15 All trusts submitted data

Q3 2014/15 Non submissions from:

RGT CAMBRIDGE UNIVERSITY HOSPITALS NHS FOUNDATION TRUST and RQW THE PRINCESS ALEXANDRA HOSPITAL NHS TRUST recently transitioned to new clinical systems

Data submission issues for Q1 2014/15

RTE GLOUCESTERSHIRE HOSPITALS NHS FOUNDATION TRUST, RFR THE ROTHERHAM NHS FOUNDATION TRUST and RK9 PLYMOUTH HOSPITALS NHS TRUST data for 2013/14 Q1 - Q3 total assessment figures at any time in pregnancy was lower than the number of assessments by 12 weeks 6 days of pregnancy and as such failed validation.

Q64 BATH, GLOUCESTERSHIRE, SWINDON AND WILTSHIRE AREA TEAM, 03L ROTHERHAM CCG, 11M GLOUCESTERSHIRE CCG, 11N KERNOW CCG and 99P NORTHERN, EASTERN AND WESTERN DEVON CCG data for 2013/14 Q1 – Q3 total assessment figures at any time in pregnancy were lower than the number of assessments by 12 weeks and 6 days of pregnancy and as such failed validation. Furthermore, Q51 SOUTH YORKSHIRE AND BASSETLAW AREA TEAM data for Q2 and Q3 2013/14 also failed.

For 2013/14 Q1 - Q3, some data was submitted against invalid CCG codes hence this contribution was excluded from the England, Area Team and CCG totals.

RYJ IMPERIAL COLLEGE HEALTHCARE NHS TRUST implemented a new clinical system.

Data submission issue for Q2 2014/15

RJE UNIVERSITY HOSPITALS OF NORTH MIDLANDS NHS TRUST contribution for GP practices M83070 and M83074 was excluded from the publication file due to erroneous data.

Data submission issues for both Q1 & Q2 2014/15

RGT CAMBRIDGE UNIVERSITY HOSPITALS NHS FOUNDATION TRUST does not have data at GP level for booking

R1F ISLE OF WIGHT NHS TRUST does not have data at GP level for booking

Data submission issues for both Q1, Q2 & Q3 2014/15

RNQ KETTERING GENERAL HOSPITAL NHS FOUNDATION TRUST only has paper based systems for 12 week risk assessment so they do not have the GP level of data. This will be submitted under V81999 and under CCG code 04G (as they do not have this level of data either). This is their main commissioners but only covers 50/60% of their activity.

RJD MID STAFFORDSHIRE NHS FOUNDATION TRUST does not have data at GP level, therefore all data was submitted under V81999 under CCG code 05V.

RFS CHESTERFIELD ROYAL HOSPITAL NHS FOUNDATION TRUST does not have data at GP level for booking.

RN3 GREAT WESTERN HOSPITALS NHS FOUNDATION TRUST as of 01/06/2014 some of the Maternity services were transferred to RD1 ROYAL UNITED HOSPITALS BATH NHS FOUNDATION TRUST, hence the data validation flag for 2014/15 Q1, Q2 and Q3 maternities was removed to account for this.

RD1 ROYAL UNITED HOSPITALS BATH NHS FOUNDATION TRUST as of the 01/06/2014 some of the Maternity services transferred from RN3 GREAT WESTERN HOSPITALS NHS FOUNDATION TRUST to RD1 ROYAL UNITED BATH NHS TRUST. Data for this Trust has not been subject to validation as validation is compared against historic data and there will not be any data for this yet. Therefore, validation flag for 2014/15 Q1, Q2 and Q3 maternities was removed.

RJ2 LEWISHAM AND GREENWICH NHS TRUST will be submitting information for Q3 onwards, as the Lewisham & Greenwich Trust was only formed in October 2013. Also in July, there was the implementation of Cerner and as such there have been data quality issues with capturing the information correctly.

Data submission issue for Q2 & Q3 2014/15

As of the 01/07/2014 RVL BARNET AND FARM CHASE HOSPITALS merged with RAL ROYAL FREE LONDON NHS FOUNDATION TRUST to form a larger trust, hence the data validation flag for 2014/15 Q2 and Q3 maternities was removed.

Data submission issues for Q3 2014/15

As of the 01/10/2014 RD7 HEATHERWOOD & WEXHAM PARK HOSPITALS NHS FOUNDATION TRUST merged into RDU FRIMLEY HEALTH NHS FOUNDATION TRUST, hence the data validation flag for 2014/15 Q3 maternities was removed.

As of the 01/10/2014 RV8 NORTH WEST LONDON HOSPITALS NHS TRUST and RC3 EALING HOSPITALS NHS TRUST merged to become R1K LONDON NORTH WEST HEALTHCARE NHS TRUST, hence the data validation flag for 2014/15 Q3 maternities was removed.

R1F ISLE OF WIGHT NHS TRUST data was submitted under V81999 and under CCG code 10L.

RWP WORCESTERSHIRE ACUTE HOSPITALS NHS TRUST implemented a new clinical system.

High number of assessments:

RN7 DARTFORD AND GRAVESHAM NHS TRUST, RJ7 ST GEORGE'S HEALTHCARE NHS FOUNDATION TRUST, RJE UNIVERSITY HOSPITALS OF NORTH MIDLANDS NHS TRUST high assessment figures were flagged as part of Q1 - Q3 2013/14 data assessment, these trusts resubmitted Q1 - Q3 2013/14 data at Q4 2013/14 and assessment figures remain much higher than the number of maternities.

RJD MID STAFFORSDHIRE NHS FOUNDATION TRUST informed of high assessment figures compared to maternities at Q1 - Q3 2013/14, trust investigating data system.

The following Trusts informed that a number of women have their assessments at their Trust and later go on to deliver elsewhere: RJF BURTON HOSPITAL NHS FOUNDATION TRUST, RVR EPSOM AND ST HELIER UNIVERSITY HOSPITALS NHS TRUST, RN5 HAMPSHIRE HOSPITALS NHS FOUNDATION TRUST, RJZ KING'S COLLEGE HOSPITAL NHS FOUNDATION TRUST, RXF MID YORKSHIRE HOSPITALS NHS TRUST, RVW NORTH TEES AND HARTLEPOOL NHS FOUNDATION TRUST, RBA TAUNTON AND SOMERSET NHS FOUNDATION TRUST, RAS THE HILLINGDON HOSPITALS NHS FOUNDATION TRUST, RTD THE NEWCASTLE UPON TYNE HOSPITALS NHS FOUNDATION TRUST, RWD UNITED LINCOLNSHIRE HOSPITALS NHS TRUST and RGR WEST SUFFOLK NHS FOUNDATION TRUST.

RDZ THE ROYAL BOURNEMOUTH AND CHRISTCHURCH HOSPITALS NHS FOUNDATION TRUST book women for antenatal care and also provide their postnatal care, the majority of women then birth at another trust. The reason for this is that the trust does not have a facility for high risk intrapartum care therefore all of these women go to another trust.

RTF NORTHUMBRIA HEALTHCARE NHS TRUST, high proportion of the women they assess and provide community antenatal (and postnatal) care for do not deliver with the trust, but deliver with NEWCASTLE HOSPITALS (RTD).

......

RA3 WESTON AREA HEALTH NHS TRUST operate a shared care service where local women receive antenatal care from WAHT midwives but most deliver at units in Bristol. This means that the number of women assessed by WAHT will always exceed the number delivering. Due to the relatively small numbers of Maternities / deliveries, 1 patient can represent 1.5% to 2% of WAHT quarterly total.

RLN CITY HOSPITALS SUNDERLAND NHS FOUNDATION TRUST report on the assessments for mothers who actually deliver at the trust. There are some mothers that are assessed at the trust and have their delivery elsewhere due to geographical reasons (there is likely to be crossover between Durham, Gateshead and South Tyneside Foundation Trust), therefore there is the under-reporting for the number of assessments.

Organisation name changes:

RJE UNIVERSITY HOSPITAL OF NORTH STAFFORDSHIRE NHS TRUST to UNIVERSITY HOSPITALS OF NORTH MIDLANDS NHS TRUST

RDU FRIMLEY PARK HOSPITAL NHS FOUNDATION TRUST to FRIMLEY HEALTH NHS FOUNDATION TRUST

RD1 ROYAL UNITED HOSPITAL BATH NHS TRUST to ROYAL UNITED HOSPITALS BATH NHS FOUNDATION TRUST

RJ7 ST GEORGE'S HEALTHCARE NHS TRUST to ST GEORGE'S HEALTHCARE NHS FOUNDATION TRUST

Data failing validation:

Q1 2014/15 195 out of 211 CCGs passed validation checks.

Q1 2014/15 132 of the 136 NHS Trusts passed validation checks.

Data collection and definition

12 week risk assessment

Since April 2013 this data is now being collected directly from providers via the data collection tool that is part of Unify2, a web based system set up to collect performance and other central returns directly from the NHS. The figures are obtained from maternity providers from midwives in acute trusts and information recorded at deliveries.

For 12 week assessment, each provider is required to submit actual figures for the quarter and year end out turn figures for the following three items:

The following items of information are to be submitted:

- 1. Number of women in the relevant GP population who have seen a midwife or a maternity healthcare professional, for health and social care assessment of needs, risks and choices by 12 weeks and 6 days of pregnancy
- 2. Number of women in the relevant GP population who have seen a midwife or a maternity healthcare professional, for health and social care assessment of needs, risks and choices at any time during pregnancy

Data validation

The following validation rules are applied to the data

All numbers must be submitted as integers

moers must be submitted as integers								
Number of pregnant women due a maternity check	>=	Number of pregnant women who have seen a midwife or a maternity healthcare professional, for health and social care assessment of needs, risks and choices by 12 weeks and 6 days of pregnancy						
Number of pregnant women due a maternity check	<	Maximum National Statistics (ONS) reported number of live births for the last year PLUS 20.0%						
Number of pregnant women due a maternity check	>	Minimum National Statistics (ONS) reported number of live births for the last year MINUS 10.0%						

All validation checks must be passed by Providers in order for the data to meet departmental statistical requirements. Where information has not passed these validation checks, this is identified in the tables in this report by conditional formatting.

Contacts

For media enquiries only please contact the Department of Health press office on 020 7210 5221.
