

Diabetes UK
&
Experience of the NHS Diabetes
Prevention Programme

Peter Shorrick
Midlands Diabetes UK Manager

User Involvement Network

- The User Involvement Network engaged potential future users in the development of the NHS DPP to ensure it met their needs
- We are a partner in the NHS DPP
- We have Regional Heads that support PPI so please visit our stand to find out more
- The NHS DPP has a number of Providers that support people with preventing Type 2 Diabetes who are at risk following blood tests

- Each of these Providers has had good successes and if you want to know more please do visit their exhibition stands
- Toolkit available to support user involvement locally
- For more info please email knowyourrisk@diabetes.org.uk
