

Keeping children safe

Your school immunisation team

Your local School Age Immunisation Service (SAIS) works on behalf of NHS England to bring important routine childhood vaccinations to children across Northamptonshire. We offer vaccines in schools and at local community clinics, making it as easy as possible for children to stay protected from illnesses and diseases that can be prevented.

We also make sure that children who are home educated or not in mainstream school can still get the vaccinations they need. Our caring immunisation team provides vaccinations for the following age groups and programmes (scan the QR codes to find out more or visit www.nhs.uk/vaccinations):

Flu vaccination

School Reception to Year 11

www.nhs.uk/vaccinations/child-flu-vaccine

HPV (Human papillomavirus)

School Year 8 and above

www.nhs.uk/vaccinations/hpv-vaccine

Catch up MMR (Measles, Mumps and Rubella)

School Year 8 and above

Please note: For children in school Year 7 and below, MMR is delivered at your GP surgery
