

Have your say ...

GP Services for Botolph Bridge Community Health Centre

NHS England (East) needs to appoint a new contract for GP services at your surgery.

We would like to give all patients the opportunity to provide important information to help shape and contribute to the GP services that the centre will provide.

You can fill out a Patient survey:

A survey will be sent to your home address, with a freepost envelope, if you don't receive a copy in the post please call 0113 825 4956 or email england.ea-primarycare@nhs.net to have a copy sent to you.

The survey will close on **Friday 20 March 2015**.
