

# Equity and Equality

Greater Manchester and Eastern Cheshire (GMEC)  
Local Maternity and Neonatal System (LMNS)

Co-Production

**Greater Manchester  
and Eastern Cheshire**  
Strategic Clinical Networks

**Priority 1** Restore NHS services, following COVID pandemic (COVID 4 actions), inclusively

**Intervention 1** To increase support for at-risk pregnant women/people  
To tailor COVID-19 communications for ethnic minority women/people

## Details

- Produced initial 2 videos (20 minutes each) Video Clips re-filmed
- Production of infographics
- Held workshop with subtitles
- Produced video clips
- Produced podcast
- Held webinar
- Developed Mental Health and Islam Leaflet
- Development of a Cultural Competency pilot training education package developed and delivered x10 - done 4 sessions to date
- E-postcard (delayed due to getting permission to have details of other orgs added to same postcard)
- 3 short videos on cultural awareness for clinicians with transcripts
- BAMAG end of project report
- Safety messages added to LMNS website, including translation functionality <https://www.mybirthmychoice.co.uk/>

## Co-production organisation name(s)

- Mama Health Poverty Partnership
- Sangha, British Muslim Heritage Centre (BMHC), MVP's, Caribbean and African Health Network (CAHN)
- Sangha
- Sangha
- BMHC
- BMHC
- BMHC
- CAHN
- CAHN
- MVPs
- Mama Health Poverty Partnership, Sangha, BMHC , CAHN, MVP's
- MVPs, University of Salford, University of Manchester, GMEC midwifery staff

**Intervention 2** To increase support for at-risk pregnant women/people.  
All women to be informed re vitamin supplements (vitamin D and folic acid)/nutrition

**Details**

- GM Healthy Start Task Force
- Links with families
- Equity and Equality Action Plan VCSE service user rep engagement session
- Qualitative Research proposal underway for exploration of whether women were asked about and informed of need for vitamin D during pregnancy (interviewing women/birthing people who are eligible for Healthy Start as indicator of deprivation). Additional vitamin D co-production work has also taken place
- Looking to improve uptake and awareness about Healthy Start scheme
- Information translated into several languages
- Comparing areas of high eligibility and low uptake with high eligibility and high uptake

**Co-production organisation name(s)**

GM Healthy Start Task Force meets monthly co-chaired by a GM Population Health team representative, VCSE leads, and other member organisations include supermarkets, Local Authorities, including public health roles, Midwifery, Housing Providers, Food Banks, Food Pantries, DWP, SMEs and Citizen's Advice.

Children's centres, Manchester Central Food Banks, MVPs

See A08 for details of attendees  
PH Midwife

University of Manchester  
Consultant Midwife

Awareness information translated in to 21 languages, developed by Central Manchester Food Bank. Europa produced Healthy Start translation into Ukranian and Russian translations. Deepdive' in Salford informing the NHSE Pilot Project addressing unhealthy weight in the early years as well as wider stakeholders.

**Priority 2** Mitigate against digital exclusion

**Intervention 3** Develop digital services that are accessible to and meet the needs of all pregnant woman and birthing people

**Details**

- Meetings with ICS and Maternity provider Digital leads to discuss digital workstream and understand the status of digital development across Trusts

**Co-production organisation name(s)**

Provider / ICS Digital lead  
Provider Digital midwives  
LMNS MVP Lead part of Digital meetings and conversations

## Priority 3 Ensure datasets are complete and timely

**Intervention 4** Continuously improve the data quality of the pregnant woman/person's ethnicity and postcode (indices of deprivation) on maternity and neonatal information systems. Including priority 1: A01: For all providers record pregnant woman/person's characteristics and demographics on maternity information

### Details

- Meetings to discuss current data availability and future data needs

### Co-production organisation name(s)

ICS Data Lead/ Health Economist: University of Manchester & GM Academic Health Science Network Health/  
LMNS Clinical lead and Lead Analyst/ LMNS MVP Lead

## Priority 4a Accelerate preventative programmes that engage those at greatest risk of poor health outcomes: Understand your population and co-produce interventions

**Intervention 5** To understand the local population's maternal and perinatal health needs (including the social determinants of health)

### Details

- Utilisation of different data sources

- Black, Asian and Minority Health event

- GMEC MVP + GMEC LMNS Co-Production Event

- 10 Focus groups

- Qualitative Research study on Maternal experiences of Black and Asian women

- Access to Perinatal Mental health services in GM project

- GMEC LMS 4 Equity Actions Operational Policy

### Co-production organisation name(s)

University of Manchester, Five Year Forward View, Population denominators by broad ethnic group 2019, GM Tableau (Maternity providers), ONS, Economically active time series, 2011 Census data, Build Back Fairer, ONS, Sexual identity, subnational, 2013-2015, PHE finger-tips, GMEC Maternity Dashboard (maternity providers), MVPs, GMMH Business Intelligence, CMHT Service data, GMP, Smokefree Pregnancy programme, English indices of deprivation 2015, worked with University of Manchester and Academic Health Science Network to understand the impact of COVID as part of 'COVID in the North' report, Manchester Health & Care commissioning, Manchester Reducing Infant Mortality Strategy 2019-2024, State of the Sector (10GM); CORE20PLUS5 and other sources. Other sources were used and discussed with partners – MVP leads liaised with local providers and organisations to discover relevant data and information – see November 2021 submission for related coproduction including MIRO boards'.

GMEC Black and Asian Maternity Advisory group (BAMAG) - facilitated event. Aim was to gather women/people's (not birthing people for consistency) views/experiences and areas to be improved.

BAMAG - facilitated event held with recent mothers/people and their families on theme of 'what does good postnatal care look like'.

BAMAG - facilitated event to elicit views of women/people of what they want Health and Maternity service professionals to know and be trained in regarding their cultural and religious needs.

University of Manchester, Manchester Foundation Trust, GMCVO, Home Start, BME Network, CAHN. Eliciting the views of Black and Asian women living in Central Manchester regarding their maternity experiences (ongoing).

MVPs, PNMH Team. Project exploring barriers to accessing mental health services during perinatal period in GM with training of existing VCSE members to interview members of their Community.

Shared with all Maternity provider units in GMEC to use and develop.

## Intervention 6 To map the community assets

### Details

- Liaison with VCSE sector to understand available maternal/perinatal services within communities

### Co-production organisation name(s)

MVPS

## Intervention 7 To conduct a baseline assessment of the experience of maternity and neonatal staff by ethnicity using WRES indicators 1 to 8

### Details

- Focus groups to understand staff perspective of working in maternity services in GMEC
- Data gathering from GMEC maternity providers
- Collection and collation of WRES data

### Co-production organisation name(s)

GMEC Midwifery Staff

CAHN

Multiple liaison between WRES lead, ICS workforce colleagues, Maternity provider leads and HR leads to gather data relating to WRES and the minority ethnic workforce in Maternity and Neonates

## Intervention 8 To set out a plan to coproduce interventions to improve equity for pregnant women/people, babies, and race equality for staff

### Details

- GMEC LMNS 4 Equity Actions Operational Policy
- Development of maternity care standards for Black and Asian women
- Coproduction of MVP Diversity plan, held a meeting with all MVP chairs to introduce plans for how MVP's can become more equitable
- MVP Chairs and MVP LMNS Leads working together to co-produce and populate MVP diversity actions
- Interview conducted with MVP Chair and Stockport midwife to explore whether a website of community assets would be useful in to support women facing inequalities
- Meeting to explore the usefulness of the digital platform tool containing the community assets
- Meeting to understand the role of 10GM and how VCSEs can support the development and co-production of the equity action plan
- MVP feeding into LMNS communication for the equity plan sub-group working meetings
- MVP leads attending LMNS Equity data gathering sub-group meetings
- MVP leads attending LMNS equity task & finish group meetings
- MVP Conversations with designated Intervention leads about co-production taking place
- Planning insight visits to find more about BAME women who use shisha. Contact details for BAME project in Bury/Europia given
- MVP Chair Stockport working on Co-Production of E&E plan thinking about how to involve travelling communities. Looking at data
- MVP LMNS Lead and WRES Intervention Lead discussion re implementing the WRES. Discussion on co-production with staff members – WRES Lead undertook three focus groups with staff to inform development of actions on the spreadsheet
- Discussion about Co-Production. Discussed cultural competency training Further meeting planned

### Co-production organisation name(s)

MVPS

Black & Asian Maternity Advisory Group

GMEC MVP Chairs

MVP co-production subgroup worked given actions, comprised of MVP LMNS leads and MVP Chairs

Stockport Midwife

Greater Manchester Parenting Collective

GMEC MVP and 10 GM VCSE representative

MVP LMNS Lead attendance at communications sub-group meetings

MVP Chair and LMNS MVP Leads/Voices Charity
