

# Quality Improvement Activity

Brian Rambihar  
Appraisal Lead- Lancs Gr  
Manchester  
December 2015

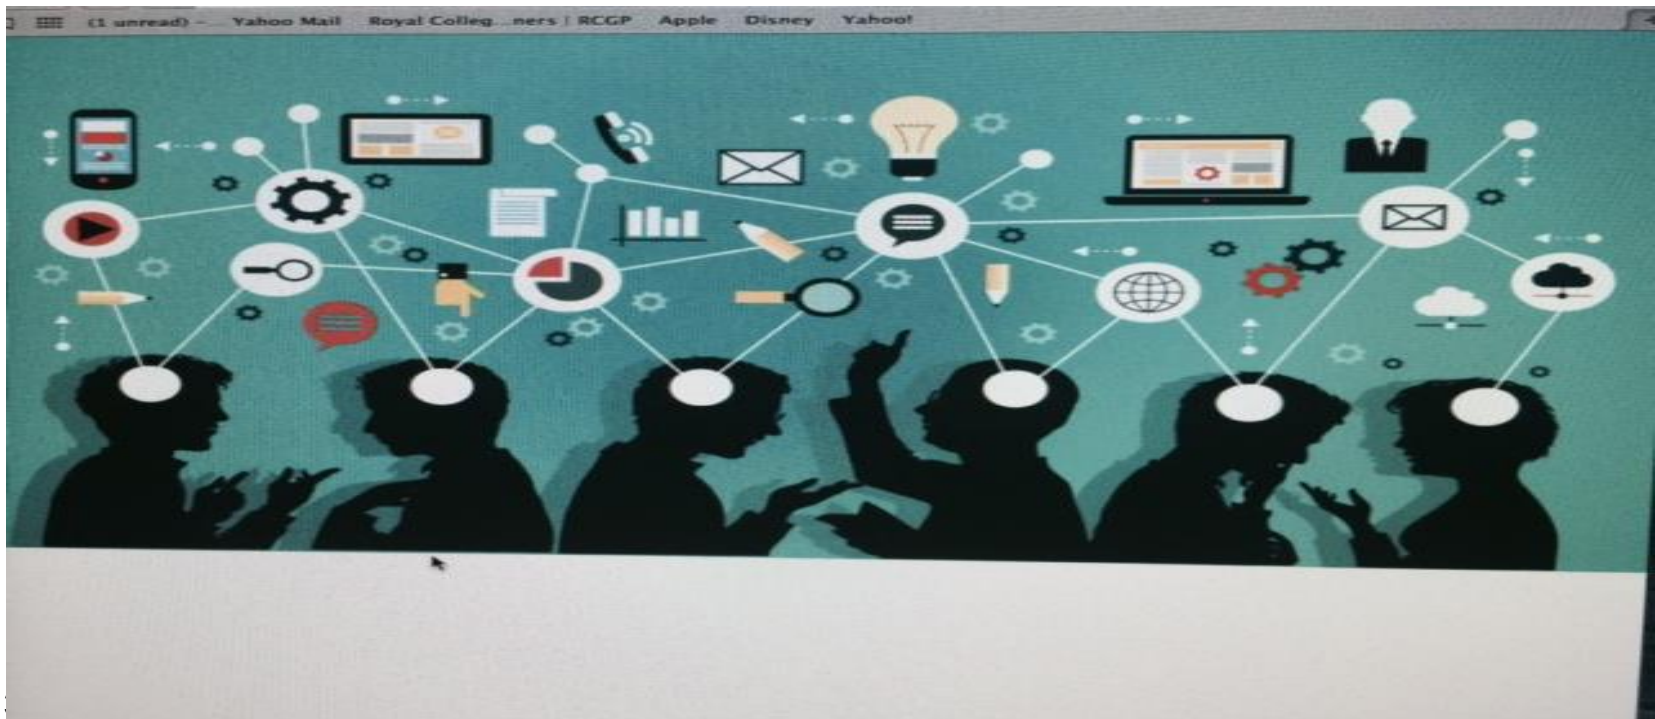

# GMC- Quality Improvement Activity

- Regular
- How regular is regular
- Evaluate and review
- Quality of your work
- Robust
- Systematic
- Involve action
- And outcome
- Relevant to your work- SOW

# GMC- Quality Improvement Activity

- Brainstorm QIA- Examples

# GMC- Quality Improvement Activity

- Review of clinical outcomes across the scope of a doctor's practice
- - Case review and discussion of difficult cases with peers and other health professionals
- - Review of a complex patient's journey through the healthcare system and how this could be improved.
- - The impact of teaching and training on improving competence of learners and care of patients
- - How CPD activities lead to improvement in doctors personal development, improvement in the care of patients and improvement in the service provided by the practice.( impact of learning)
- - Addressing specific areas of need in the doctor's clinical environment such as dementia , medicines management, sepsis and end of life care .
- - Clinical audit.- discuss requirement- practice Vs Dr- CQC vs RCGP Vs GMC
- SEA- discuss definition and requirement- CQC vs RCGP vs GMC
- Complaints- define-Improvements as a result of the complaints

# QIA- Purpose 4 of the Appraisal Policy

- 4) To enable doctors to ensure that they are working productively and in line with the priorities and requirements of the organisation they practise in.

The screenshot shows an iPad interface with a PowerPoint application. The slide title is "Personal Development – the context". The diagram consists of six concentric circles, each representing a different level of context:

- Outermost circle (light blue):** National / International Charity work
- Second circle (pink):** Regional Training of GPs
- Third circle (yellow):** CCG/Lancs
- Fourth circle (green):** High Cancer mortality
- Fifth circle (orange):** PRACTICE-poor diabetes outcomes-MOPS
- Innermost circle (dark blue):** Personal Hypertension management

The slide is displayed on a red iPad background with a status bar at the top showing "2:44 PM" and "Purpose 4". The PowerPoint interface includes a menu bar with "Home", "Insert", "Design", "Transitions", "Animations", "Slide Show", "Review", and "Shape". The slide number "4" is visible in the bottom left corner of the slide content.
