

Addendum to:
**UKHSA Live attenuated influenza vaccine nasal spray suspension (LAIV) Patient
Group Direction (PGD), v15.0 GOV-18720**

This document provides an addendum to the [UKHSA LAIV PGD v15.0 GOV-18720](#), valid from 1 September 2025 to 1 April 2026.

In the section for 'Name, strength and formulation of drug', on page 13, the formula of the active strains has been updated below to align with the current SPC (21 July 2025) published on 23 July 2025.

Name, strength and formulation of drug, Page 13

Live attenuated influenza vaccine nasal spray suspension (0.2ml):

Fluenz[®] nasal spray suspension, each 0.2ml dose contains:

Reassortant influenza virus (live attenuated) of the following three strains:

A/ Victoria/4897/2022 (H1N1)pdm09 - like strain (A/ Norway/31694/2022, MEDI 369815)	$10^{7.0 \pm 0.5}$ FFU
--	------------------------

A/Croatia/10136RV/2023 (H3N2) - like strain (A/Perth/722/2024, MEDI 392611)	$10^{7.0 \pm 0.5}$ FFU
--	------------------------

B/ Austria/1359417/2021 - like strain (B/ Austria/1359417/2021, MEDI 355292)	$10^{7.0 \pm 0.5}$ FFU
---	------------------------

For the full details of the formulation see the [SPC](#).

The vaccine may contain traces of the following substances: egg proteins (e.g. ovalbumin) and gentamicin. The maximum amount of ovalbumin is less than 0.024 micrograms per 0.2 ml dose (0.12 micrograms per ml), see section 4.3 of the [SPC](#).

Background

The LAIV PGD v15.0 GOV-18720 was published on 1st July 2025, as per national flu immunisation programme plan 2025 to 2026 programme timelines. The PGD had a final check on 30th June 2025 before publishing and it aligned with the Fluenz[®] SPC dated 6 June 2025 which was available on the EMC site at the time. Since the publication of the PGD, the SPC has gone through an update on 21 July 2025 to the 'Qualitative and

quantitative composition' section has been updated with the formula of the active strains.
The updated SPC was published on the EMC on 23 July 2025.

The addendum has been provided to the PGD to inform of the updated active strains.

UKHSA approval and ratification

This addendum is approved by the following health professionals on behalf of UKHSA:

	Name	Signature	Date
