NICE Suspected Cancer:

Improve your recognition and referral

Tuesday 10th October, 6.30pm-9.30pm

Postgraduate Centre, Derriford Hospital

Hot buffet provided from 6.30pm with a meeting start at 7pm

Following on from the successful New NICE Suspected cancer guidelines GP update in February 2016, the Macmillan GPs, PHNT and NEW Devon CCG would like to invite you to this educational and networking evening to discuss the impact of change locally.

We listened to your feedback and the evening will have the same “speed dating” format with specialists aiming to cover the tumour sites we missed and more;

- Dermatology
- Head and Neck lumps and bumps
- Unknown Primary
- Direct access imaging
- Update on colorectal remote monitoring
- Prehabilitation
- 2WW referral process

Small group discussions with specialists will provide a personalised learning experience and opportunity to improve communication between primary and secondary care.

To book your places please go to - <https://www.eventbrite.co.uk/e/nice-suspected-cancer-improve-your-recognition-and-referral-tickets-36953665408>

For more information, questions or a subject you would like covered please email; mairead.mcintyre@nhs.net or jemma.cooper@nhs.net
