

A free CPD course for the dental team: Interactive and practical dementia training for dentists, nurses, hygienists, practice managers and receptionists

2-5pm, 13th July 2017 (lunch and registration from 1pm)
Future Inn Plymouth, 1 William Prance Rd, Plymouth PL6 5ZD

Led by: Guest speaker, Ian Sherriff and a multidisciplinary team.
Ian is one of a handful of people appointed to a national dementia panel set up by the Prime Minister to improve support for people with dementia.

Lecturers

- Ian Sherriff (Plymouth University)
- Professor Val Mann (Plymouth University)
- Hilary Cragg (Solicitor at Nash and Co, Plymouth)
- Dorothy Tudor and her husband Bob (individual with dementia and his carer)
- The Peninsula Community Engagement Team

Aims:

This is an interactive and practical training session on oral health and dementia, designed for the full Dental Team which aims:

- To provide guidance to dental teams around the management of dental care for people living with dementia.
- To improve the general experience of attending the dental practice for those living with dementia and their carers.
- To award a “dementia friend” status to all participants.

Learning objectives:

- Identifying the major forms of dementia.
- Understanding dementia national policy.
- Understanding the legal framework for dementia and dental legal responsibilities.
- Understanding the pathological mechanisms giving rise to dementia.
- Identifying examples of medication that patients with dementia may be taking.
- Integrating oral health into general health and wellbeing - role of the dental team.
- Discussing practical experiences, issues and solutions.
- Becoming a dementia friendly practice – creating a dementia friendly environment.
