

# **New NICE Suspected Cancer Guidelines Event**

**Tuesday 23<sup>rd</sup> February, 6.30-9.30pm**

Postgraduate Centre, Derriford Hospital

Opportunity for GPs and secondary care specialist to discuss the impact of the new guidance locally.

Hot buffet provided

Following on from the successful GP Update Cancer course in September, the Macmillan GPs, PHNT and NEW Devon CCG would like to invite you to this educational and networking evening, to learn more about the new NICE guidance and to help shape how we will meet the guidelines locally.

The evening will involve small group discussions with specialists from all the major tumour sites in a “speed dating” format, and should provide a great opportunity to improve communication between primary and secondary care.

To book your places please go to <https://www.eventbrite.co.uk/e/gp-cancer-education-evening-tickets-19963887525>
