### **How do I know which provider is holding sessions at my local schools?**

The schedule of school sessions in local areas has been provided (except for Cornwall). Please e-mail [england.bnsssg.imms@nhs.net](mailto:england.bnsssg.imms@nhs.net) to request this information for your area if you do not have a copy or would also like information about a neighbouring area. If a date for your local school was not confirmed at the time of distribution of the school lists please contact [england.bnsssg.imms@nhs.net](mailto:england.bnsssg.imms@nhs.net) or the provider directly. Practices whose patients attend schools in Gloucestershire, where there is no school based service, should direct parents to Boots via the contact details above.

### **What are the arrangements for 2, 3 and 4 year old children?**

Practices should call children aged 2, 3 and 4 on 31/08/2016 (born between 01/09/2011 and 31/08/2014) as per the childhood seasonal influenza vaccination programme enhanced service specification 2016/17.

[www.england.nhs.uk/commissioning/gp-contract/](http://www.england.nhs.uk/commissioning/gp-contract/) It should be noted that in this specification there is a line that says practices are obliged to transfer data to CHIS, although this is good practice it is not a requirement for this programme.

None of these children would normally be offered vaccination by any other provider unless there are exceptional circumstances, please see below.

### **What are the arrangements for children in reception classes at school**

As a rule children in reception will be aged 4 on 31/08/2016 and as such are eligible to be called and vaccinated by their practice as per the childhood seasonal influenza vaccination programme enhanced service specification 2016/17

[www.england.nhs.uk/commissioning/gp-contract/](http://www.england.nhs.uk/commissioning/gp-contract/)

School providers would only consider vaccinating reception aged children in exceptional circumstances where there is a mixed age class and not offering vaccination to children in that class who were 4 on 31/08/2016 would have a detrimental impact on the programme with regards to halting the transmission of flu.

### **What are the arrangements for children in an at-risk group?**

Practices should call **and recall** any child from 6 months old who is in an at-risk group for flu as per the seasonal influenza and pneumococcal polysaccharide vaccination programme enhanced service specification 2016/17

[www.england.nhs.uk/commissioning/gp-contract/](http://www.england.nhs.uk/commissioning/gp-contract/). Please note that children in school years 1, 2 and 3 will **also** be invited by the school based provider. It is up to the parent to decide where to have their child vaccinated and consent appropriately. The schedule of school sessions in your local area (with the exception of Cornwall) has been provided to help you to decide the best time to recall children in an at-risk group. Please e-mail [england.bnsssg.imms@nhs.net](mailto:england.bnsssg.imms@nhs.net) to request this information for your area if you do not have a copy. Providers are not using inactivated vaccine and will refer children who are contraindicated for Fluenz back to their practice.

### **How do I contact the provider in my area if I have a query about a specific patient?**

All of the provider details are on the flu pathways and listed above. Please e-mail [england.bnsssg.imms@nhs.net](mailto:england.bnsssg.imms@nhs.net) to request the pathway for your area if you do not have a copy.

**What are the arrangements if a child misses their immunisation session in school?**

All of the providers above are able to offer a second opportunity to children who are absent from school on the day of their immunisation session. This may be a pharmacy or a community clinic. Parents should be referred to the relevant provider for details using the contact information above and on the pathways.

**What do we do if a parent requests immunisation of a child in years 1, 2 or 3 who is NOT in an at-risk group for flu?**

The parent should be referred to the appropriate school provider in the first instance. Practices can vaccinate children in this age group under the PGD, but as they are not contracted to provide this service there is no method for claiming payment for this.

**How is information given to practices in order to update records?**

This information can be found in the flu pathways and is summarised here for each provider:

<b>Provider</b>	<b>Information transfer</b>
Boots	PharmOutcomes to practice NHS net e-mail or fax (depending on whether the practice has a validated NHS net e-mail address)
North Somerset Community Partnership	Direct to practice
Somerset Partnership, Kernow Health and Torbay and South Devon	Via CHIS

**Are there restrictions in place on ordering Fluenz?**

Vaccine ordering opened on Thursday 8<sup>th</sup> September for the inactivated vaccines and ordering of LAIV opened on Wednesday 14<sup>th</sup> September. Initial ordering controls are in place for General Practice in order to support a reduction in vaccine wastage – a cap of 35% of the total eligible population for each practice has been put in place. Practices can however order over this amount and to do this should contact the ImmForm helpdesk.

**Are practices required to report immunisation activity to CHIS?**

Practices are not required to transfer data to CHIS on 2-4 year olds who are immunised against flu. This is stated in the childhood flu enhanced service, but does not need to be fulfilled in this case.

Cohort	Provider	Invitation	Information sharing	Uptake and supply	Contacts and resources
All healthy children aged 2, 3 or 4 on 31/08/2016 (born between 01/09/2011 and 31/08/2014) who can be safely vaccinated with live attenuated influenza vaccine (LAIV) nasal spray.	GPs only	GPs are responsible for calling this cohort	There is no requirement for GPs to share this information with Somerset Partnership	The uptake ambition for 2016/17 is 40 to 65% across all cohorts and settings. Uptake will be monitored via data submission to ImmForm which GPs and Somerset Partnership are both responsible for.	<p><b>Somerset Partnership Sedgemoor :</b> Tel: 01278 410044 <a href="mailto:SeidgeemoorSchoolNurses@sompar.nhs.uk">SeidgeemoorSchoolNurses@sompar.nhs.uk</a></p> <p><b>Taunton &amp; West Somerset:</b> Tel: 01823 346182 <a href="mailto:TauntonSchoolNurses@sompar.nhs.uk">TauntonSchoolNurses@sompar.nhs.uk</a></p> <p><b>South Somerset:</b> (Chard, Crewkerne and Ilminster) Tel: 01460 238741 (Yeovil and Langport) Tel: 0300 323 0114 <a href="mailto:SouthSomersetSchoolNurses@sompar.nhs.uk">SouthSomersetSchoolNurses@sompar.nhs.uk</a></p> <p><b>Mendip:</b> Tel: 01749 836545 <a href="mailto:MendipSchoolNurses@sompar.nhs.uk">MendipSchoolNurses@sompar.nhs.uk</a></p> <p><b>Clinical immunisation enquiries:</b> <a href="mailto:enquiries@sompar.nhs.net">enquiries@sompar.nhs.net</a> <a href="mailto:enquiries@sompar.nhs.net">enquiries@sompar.nhs.net</a></p> <p><b>NHS England</b> contractual immunisation enquiries: <a href="mailto:phcontractssouthwest@nhs.net">phcontractssouthwest@nhs.net</a></p>
All healthy children aged 5, 6 or 7 on 31/08/2016 (in school years 1, 2 or 3 or born between 01/09/2008 to 31/08/2011) who can be safely vaccinated with LAIV nasal spray.	Somerset Partnership only	Somerset Partnership are responsible for calling this cohort	Somerset Partnership will report immunisation activity to the GP via CHIS	Live attenuated influenza vaccine (LAIV) nasal spray and inactivated vaccine are both supplied centrally via ImmForm	<p><b>Resources</b></p> <p><a href="#">Flu chapter of Green Book.</a></p> <p><a href="#">Public Health England resources</a> (template letters, leaflets etc.)</p> <p><a href="#">Childhood Flu enhanced service specification</a></p>
Children aged from 6 months in an at-risk group for flu. If aged 6 months to under 2 years inactivated vaccine is required. Those older than 2 years should be assessed for contraindications to LAIV nasal spray. At-risks groups include asthma, other respiratory disease, liver, kidney and neurological conditions including learning disabilities refer to the <a href="#">green book</a> for details.	GPs (all age groups) & Somerset Partnership (school yrs 1 to 3 only)	GPs call and recall this cohort. School yrs 1 to 3 will also be invited by Somerset Partnership (but will not provide a 2nd dose will refer to GP)	School activity reported to GPs via CHIS*. GPs may wish to mention the school programme when calling school yr 1 to 3 children		
Children aged from 6 months in an at-risk group for flu who are contraindicated for LAIV nasal spray (inactivated vaccine is required) such as those who are clinically severely immunodeficient, those receiving salicylate therapy (other than for topical treatment of localised conditions) those with severe asthma or active wheezing, refer to the <a href="#">green book</a> for details.	GPs only	GPs call and recall this cohort. School yrs 1 to 3 will be invited by Somerset Partnership but referred to GP after consent form review	None required— Somerset Partnership will not be vaccinating, practices should call and recall this group and advise CHIS of activity.		

\* a timetable of all school vaccination sessions will be circulated which may help some practices decide when at-risk children in years 1 to 3 should be recalled

All healthy children aged 2, 3 or 4 on 31/08/2016 (born between 01/09/2011 and 31/08/2014) who can be safely vaccinated with live attenuated influenza vaccine (LAIv) nasal spray.	GPs only	GPs are responsible for calling this cohort	There is no requirement for GPs to share this information with Boots		<b>Boots Flu Team</b> Tel: 07596591261 E-mail: Devonchildrenflu@boots.co.uk Clinical immunisation enquiries: <a href="mailto:england.bnsssg.imms@nhs.net">england.bnsssg.imms@nhs.net</a>
All healthy children aged 5, 6 or 7 on 31/08/2016 (in school years 1, 2 or 3 or born between 01/09/2008 to 31/08/2011) who can be safely vaccinated with LAIV nasal spray.	Boots only	Boots are responsible for calling this cohort	Boots will report immunisation activity to the GP via a spreadsheet e-mailed on a weekly basis to the practice NHS net address	The uptake ambition for 2016/17 is 40 to 65% across all cohorts and settings. Uptake will be monitored via data submission to ImmForm which GPs and School based teams are both responsible for.  Live attenuated influenza vaccine (LAIv) nasal spray and inactivated vaccine are both supplied centrally via ImmForm	NHS England contractual immunisation enquiries: <a href="mailto:phcontractsouthwest@nhs.net">phcontractsouthwest@nhs.net</a>  <a href="#">Flu chapter of Green Book</a> , <a href="#">Public Health England resources</a> (template letters, leaflets etc.) <a href="#">Childhood Flu enhanced service specification</a>
Children aged from 6 months in an at-risk group for flu. If aged 6 months to under 2 years inactivated vaccine is required. Those older than 2 years should be assessed for contraindications to LAIV nasal spray. At-risks groups include asthma, other respiratory diseases, liver, kidney and neurological conditions including learning disabilities refer to the <a href="#">green book</a> for details.	GPs (all children) and Boots (children in Years 1 to 3 only)	GPs call and recall this cohort. School yrs 1 to 3 will also be invited by Boots (but will not provide a 2nd dose will refer to GP)	Boots will report immunisation activity to the GP via a spreadsheet e-mailed regularly to the practice		
Children aged from 6 months in an at-risk group for flu who are contraindicated for LAIV nasal spray (inactivated vaccine is required) such as those who are clinically severely immunodeficient, those receiving salicylate therapy (other than for topical treatment of localised conditions) those with severe asthma or active wheezing, refer to the <a href="#">green book</a> for details.	GPs only	GPs must call and recall this cohort. This group (in Years 1 to 3) will also be invited by Boots. If Boots identify a child needing inactivated vaccine they will ask parents to visit their GP.	Boots will refer children to GP by letter to the parent. If a child is temporarily excluded (e.g. actively wheezing on the day of the school session) they will be invited to a pharmacy hub for vaccination
