

GENERAL PRACTICE FORWARD VIEW

Practice Manager Networking Events – December 2016

**A half day networking workshop for practice managers.
Sharing challenges and ideas, focussing on managing workload.**

Practice managers are invited to a series of free regional networking events hosted by NHS England with the support of the Practice Management Network.

Practice managers are a vital part of running successful practices and leading change for the future. NHS England is committed to supporting managers through facilitating peer networking and sharing of best practice, as well as ongoing professional development.

Each half day workshop will be an opportunity to network with colleagues from around the region, to share challenges, ideas and encouragement.

The programme will include:

- Learn about the evidence on practices' different approaches to managing bureaucracy and patient demand
- Share best practice ideas with other practice managers
- Find out more about the 10 High Impact Actions to release time for care and the new national development programme to support your practice in implementing them
- Have your say on the top priorities for professional development for practice managers
- Share your ideas for how the NHS can take further action to reduce burdens on practices

Please register today

All events are 1 – 5pm (lunch and networking from 12pm). Registration details are on the [General Practice Development Programme](#) pages of the NHS England website.

- **8 December**, Adelphi Hotel, Liverpool
- **13 December**, Macdonald Burlington Hotel, Birmingham
- **14 December**, Amba Hotel Marble Arch, London
- **15 December**, Sandy Park Conference Centre, Exeter, Devon

Please ensure you register as soon as possible via the registration tab in order to avoid disappointment – due to the high demand for these events and the limited availability of spaces we regret that we will be unable to admit anyone who has not registered attendance access to the event on the day. If you have any questions regarding this event please do not hesitate to contact us at england.gpdevelopment@nhs.net
