

## Regional Conferences | The future of Digital Primary Care, and delivering in 2018-19

CCG Chief Information Officers, Chief Clinical Information Officers and primary care commissioners are invited to attend afternoon regional conferences on the delivery of GP online services in April and May.

The agenda focusses on GP Forward View, CCG procurement responsibilities, and GPSoC developments. Keynotes from Regional Directors of Primary Care Commissioning will cover the vision for general practice and the importance of taking advantage of digital opportunities in improving clinical outcomes and GP practice efficiency.

Conferences are being held in each region, and you are welcome to attend any of the sessions.
