

Primary Care Digital Transformation Regional Conferences London and South Regions – 10th & 14th May 2018

Dear Colleague,

We are pleased to invite you to the **Primary Care Digital Transformation Regional Conferences** taking place in **London and the South** in May.

Digitalising primary care is the foundation of a modern, efficient and responsive NHS. The benefits of its wider use are already being shown with over 14m patients now using GP online services and taking more control of their health care – saving time for themselves and practice staff.

These Primary Care Digital Transformation Events are scheduled for the **10th** and **14th May 2018**.

These events will consist of two parts, and will be tailored to two different audiences – although people can attend both sessions:

- ***The morning session** is aimed at **GPs and their GP Practice Staff** and will provide useful information which can be adopted by practices, along with support in offering GP Online Services to patients. There will also be an overview of NHS England's Empower the Person roadmap, outlining forthcoming digital services, information and tools for patients and citizens,*
- ***The afternoon session** is aimed at **CCG Chief Information Officers, Chief Clinical Information Officers and Primary Care Commissioners** and will cover the vision for general practice and the importance of taking advantage of digital opportunities in improving clinical outcomes and GP practice efficiency.*

Please share and extend this invite to the relevant colleagues in your organisation.

The events will be from 10 am till 5 pm and are as follows:

- **Thursday, 10th May** at Kia Oval, Kennington, London, SE11 5SS
- **Monday 14th May** at Madejski Stadium, (Junction 11, M4), Reading, RG2 0FL

Please register for either (or both) of these events now by following the links below:

Morning session: <https://www.england.nhs.uk/gp-online-am>

Afternoon session: <https://www.england.nhs.uk/gp-online-pm>

Kind Regards

Cathy Francis
