Annual GP Practice Electronic Declaration (eDec) 2018/19

Please see the attached letter regarding the eDec for 2018/19, which will be open for submission from Wednesday 24 October 2018, for six weeks, to 5 December 2018.

In preparation, please ensure that you are able to access the Primary Care Web Tool, and have the appropriate permissions to be able to complete the eDec submission. If you do not have the correct permissions, please email england.primarycaremedical@nhs.net and we will add them to your account.

To support Practices, over the next few weeks we will also be providing clarification and information about some of your contractual requirements, with advice and guidance where appropriate, particularly those that are included in the eDec. In the bulletin last week (Issue 285), we provided information about the contractual requirement for patient participation groups and their representation, check the up-coming bulletins for further information.
