About this bulletin
To minimise the number of emails sent to practices, NHS England and NHS Improvement – South West is using this weekly bulletin as its main method of communicating with practice managers covering the 350 practices in Bristol, Somerset, North Somerset, South Gloucestershire, Devon, Cornwall and the Isles of Scilly. The bulletins contain important information for practice managers, which might include requests for information and deadlines affecting payments, as well as updates on issues relating to GP contracts. We recognise that CCGs with delegated authority may also issue information to practices regarding their areas of specific responsibility, however, the bulletin remains relevant to the practices in those areas in terms of the public health areas for which NHS England and Improvement remain responsible.

Copies of the bulletins and attachments are available on our website: [https://www.england.nhs.uk/south/info-professional/medical/dcis/gp-bulletin/](https://www.england.nhs.uk/south/info-professional/medical/dcis/gp-bulletin/)

If you have any questions or wish to provide feedback, please contact the Primary Care Team: england.primarycaremedical@nhs.net

MMR Catch Up Programme 2019/20
NHS England and GPC England agreed the introduction of a new MMR catch-up programme for 10 and 11-year olds who have not received a completed course of vaccines via the routine immunisation programme. Please see attached for information.

CQRS - Meningococcal B and Meningococcal ACWY Extraction Delay
Update
Following the bulletin item last week regarding the delay of the May 2019 extraction dates (for April 2019 data) for Meningococcal B and Meningococcal ACWY, we have been advised that these data extractions will take place between 30 May – 1 June 2019. Data should therefore be available to review on CQRS from 2 June 2019.

Please note that if you had made a manual data entry for either of these services, this will be over-written by the automated extraction. So it will be important to check the extracted data before declaring for payment.

Updated Network Contract DES Guidance
NHS England as published a revised version of the guidance regarding PCNs, updated 28 May 2019

Support for victims of Sri Lanka terror attacks
Although the national Victims of Terrorism Unit (VTU) has now stepped down to business as usual following the bomb attacks on churches and hotels in Sri Lanka, it is still possible that victims from the UK will seek help from primary care.

The attached support pack, classified as official, includes guidance and helpful contact details in case practice staff are approached.

Victims can also be pointed to the VTU website: victimsfterrorism.campaign.gov.uk. Professional queries can be sent to: VTU@homeoffice.gov.uk.
Community Pharmacy Guide for GPs

**Items for Bristol, North Somerset and South Gloucestershire Practices only**
None

**Items for Somerset Practices only**
None
