 <p>Translation and Interpretation</p>	<p><u>A New Language Service Provider for the South West</u></p> <p>Following a successful procurement exercise, NHS England (South West North) have appointed DA Languages Ltd to provide interpretation and translation services from 1st April 2019.</p> <p>DA Languages are an award-winning provider of language services to over 100 Local Authorities & NHS bodies across the UK. Working with thousands of qualified linguists, they cover over 450 languages and dialects and provide us with the use of their innovative booking portal, DA Link, which was created based on over 20 years' experience working in the languages industry. The new provider will be in touch with your welcome packs shortly.</p> <p>NHS England South West (North) is working with the new provider to ensure the smooth mobilisation of the service. Prior to the procurement, a targeted patient survey revealed a lack of awareness of language services available to patients visiting pharmacists, optometrists and dentists. As a result, NHS England and DA languages Ltd will be asking primary care providers to help publicise the service so that language and communication needs do not prevent patients receiving the same quality of healthcare as others.</p>
