Mandating of electronic FP17/FP17O transmissions

From the 1 May 2019 FP17 submissions for new courses of treatment will have to be completed electronically. All versions of paper FP17 forms for courses of treatment commenced prior to the 1 May cut-off date will be accepted until 30 June 2019. After this date no paper FP17's will be accepted, regardless of the date the course of treatment was commenced.

Prior to the ceasing of paper FP17's practices must make a decision on one of the following options:

- Purchase a practice management system from one of the current WebEDI suppliers. A list of these suppliers can be found on the NHS BSA website: www.nhsbsa.nhs.uk/fp17-processing-and-payments/webedi
- Use the online form that the NHS BSA has developed within the Compass system. This is a direct free replacement of the paper FP17/FP17O and is available now. Help and guidance can be found on the NHS BSA website on the 'FP17 processing and payments' page www.nhsbsa.nhs.uk/fp17-processing-and-payments
