Subject: Dental Special Bulletin SW32a - For cascade: EU EXIT Medicines messaging update

Importance: High

For attention of all staff in NHS dental practices/providers. Please cascade to relevant staff.

Special Bulletin

NHS England and NHS Improvement - South West

Dear contractor

The information for patients on [nhs.uk](https://www.nhs.uk) around continuity of medicines supply if there is a no-deal EU exit has been updated. As well as this, the FAQ for clinicians on the [NHS England website](https://www.nhs.uk) has also been updated. These updates explain the government's multi-layered approach to ensure that medicines continue to be available if there is a no-deal EU exit. It is important that this information is shared with front line staff, so they can pass this information on to patients.

We have been requested to cascade this information with Providers and Commissioner SROs with a request to share with all staff.

Kind regards,

Dental Commissioning Team (South West)

NHS England and NHS Improvement
