About this bulletin
To minimise the number of emails sent to practices, NHS England and NHS Improvement – South West is using this weekly bulletin as its main method of communicating with practice managers covering the 350 practices in Bristol, Somerset, North Somerset, South Gloucestershire, Devon, Cornwall and the Isles of Scilly. The bulletins contain important information for practice managers, which might include requests for information and deadlines affecting payments, as well as updates on issues relating to GP contracts. We recognise that CCGs with delegated authority may also issue information to practices regarding their areas of specific responsibility, however, the bulletin remains relevant to the practices in those areas in terms of the public health areas for which NHS England and Improvement remain responsible.

Copies of the bulletins and attachments are available on our website: https://www.england.nhs.uk/south/info-professional/medical/dcis/gp-bulletin/

Dispensing Doctors Home Delivery Service
Dear Pharmacy Contract Managers,

Several of you have asked about how Dispensing Doctors can claim for the Home Delivery Service.

As you are aware the service itself needed to be put in place fairly rapidly. As a consequence, we are now going back to put into place all the logistical issues that would normally be in place at the start of a service. We are currently finalising with the BSA and the DDA the mechanism by which Dispensing Doctors can claim for the Home Delivery Service. As soon as we have a final process in place, we will let you all know.

Kind regards,
Community Pharmacy Team, Primary Care Strategy and NHS Contracts
