About this bulletin
To minimise the number of emails sent to practices, NHS England and NHS Improvement – South West is using this weekly bulletin as its main method of communicating with practice managers covering the 350 practices in Bristol, Somerset, North Somerset, South Gloucestershire, Devon, Cornwall and the Isles of Scilly. The bulletins contain important information for practice managers, which might include requests for information and deadlines affecting payments, as well as updates on issues relating to GP contracts. We recognise that CCGs with delegated authority may also issue information to practices regarding their areas of specific responsibility, however, the bulletin remains relevant to the practices in those areas in terms of the public health areas for which NHS England and Improvement remain responsible.

Copies of the bulletins and attachments are available on our website: https://www.england.nhs.uk/south/info-professional/medical/dcis/gp-bulletin/

If you have any questions or wish to provide feedback, please contact the Primary Care Team: england.primarycaremedical@nhs.net

*Restoration of school aged immunisation services during COVID-19: information for GP practices*

School aged immunisation services across the South West have now restarted. Most services are offering catch-up clinics during the summer holidays for children that missed a dose of HPV, MenACWY or Td/IPV during the 2019/20 academic year. Please note that it is likely school aged immunisation services will be offering catch-up doses until July 2021 to ensure that all children from the 2019/20 academic year receive their missed vaccinations.

Many parents/guardians will already have been contacted by the school aged immunisation services to rearrange their child’s vaccination(s). If you receive queries from parents/guardians asking if the GP practice can immunise their child, you should signpost them to the school aged immunisation service in the first instance to find out the details of local catch-up clinics that are running.

If you have any queries about the restoration of local school aged immunisation services, these should also be directed to the school aged immunisation service for discussion. In some exceptional cases, it may be appropriate for the GP practice to vaccinate a child but this should only be done in line with your current GP contract. If you have any queries about this or anything related to immunisations, please contact us at the following email address: england.swscreeningandimms@nhs.net

Contact details for providers are detailed below
