Dear General Practitioner,

**Re: Child Health Information Systems (CHIS) – for information**

I am pleased to inform you that after the successful completion of the BaNES, Gloucester, Swindon, and Wiltshire (BGSW) Child Health Information System (CHIS) procurement, the contract for this service has been awarded to South Central & West – Commissioning Support Unit.

As you may be aware the CSU were already the incumbent provider for the CHIS service across BaNES, Gloucester, and Swindon so the addition of Wiltshire to this service will be the only change.

The mobilisation for the Wiltshire element of the service has commenced, so you may see correspondence notifying you of these changes, the contract start date will be 1st April 2022. If you have any queries, please do not hesitate to contact me.

Yours faithfully

Ian Harding
