Immunisation for people arriving from Ukraine

The [Office for Health Improvement and Disparities](#) has updated its [guidance to help health professionals assess and address the health needs of people coming from Ukraine](#), including advice on immunisation.

If you have anyone arriving locally from Ukraine, please ensure that all patients, especially children, are up-to-date with the [UK immunisation schedule](#), including making the offer of Covid vaccination (primary course, boosters, or completion of initial course if begun overseas).
