Child Immunisation by Clinical Commissioning Group & General Practice

Quarter 4, 2013/14

27th June 2014

Crown Copyright © 2014

Immunisation is the safest and most effective way of giving protection against the disease. After immunisation, your child is far less likely to catch the disease if there are cases in the community. The benefit of protection against the disease far outweighs the very small risks of immunisation. If enough people in the community are immunised, the infection can no longer be spread from person to person and the disease dies out altogether. This is how smallpox was eliminated from the world and polio has disappeared from many countries.

The ability to reliably measure vaccine coverage plays an essential role in evaluating the success of a vaccination programme, identifying susceptible populations for further interventions and informing future vaccine policy decisions. From April 2013, NHS England took over responsibility for the commissioning of public health services from pregnancy until the age of five.

The collection of vaccine coverage data to support the national immunisation programme is currently being reported to PHE at PCT (for historical comparisons) and LA geography (for the Public Health Outcomes Framework (PHOF)). To enable NHS England to commission effectively and to tackle inequalities in access, local data on uptake also needs to be collected at a lower geography. NHS England is implementing the collection of data at GP practice level. This approach has been ratified by the Public Health Steering Group leads within NHS England, Department of Health, Public Health England and the Health & Social Care Information Centre. Under these data collection changes, general practice level data will be submitted directly by providers to the Unify2 system in a single collection from their Child Health Information System (CHIS).

It is important to note that the new collections do not replace the routine quarterly returns to the Public Health England (PHE) COVER programme. The new collection will only take place in England, data for Northern Ireland, Wales and Scotland will not be collected as part of this GP practice level collection.

The responsible population for COVER GP data will continue to include all children registered with GP practice. Any children not registered with a GP practice will now be assigned to a Clinical Commissioning Group (CCG) based on their residence within the CCG statutory geographical boundary.

COVER data are extracted from CHISs on a quarterly and annual timetable the same as the existing Public Health England (PHE) timetable. It is planned that the new GP practice level quarterly collection will commence for the 2013/14 Quarter 3 collection in February 2014, at the same time as the routine quarterly COVER return. Quarter 1, Quarter 2 and Quarter 3 GP level data will be collected simultaneously.

Data is to be submitted to UNIFY following the end of the appropriate evaluation quarter. This covers children in England children in the registered and responsible population (as defined above) on the last day of the evaluation quarter.

Data submitted by providers against registered practice code is to be published on an annual basis irrespective of data quality concerns.

Where data quality concerns have been raised as part of CCG figures validation this is highlighted on the GP data sheets: **Cells shaded in pink with red writing indicate that the denominator figure is outside of the expected range.**

GP practice codes where there have been no data submitted against have been excluded from the publication.

Denominator data between 5-1 has been suppressed and replaced with * in the data columns

General Practices are published based on the NHS England Area Team and

Data submissions are outstanding from the following trusts:

R1H BARTS HEALTH NHS TRUST, RCD HARROGATE AND DISTRICT NHS FOUNDATION TRUST, RY6 LEEDS COMMUNITY HEALTHCARE NHS TRUST, 09D NHS BRIGHTON AND HOVE CCG & RBL WIRRAL UNIVERSITY TEACHING HOSPITAL NHS FOUNDATION TRUST

Data has not been requested from RY5 LINCOLNSHIRE COMMUNITY HEALTH SERVICES NHS TRUST due to known DQ issues

Data failing validation:

For the Child Immunisation collections at 12 months, 24 months & 5 years data is requested from CHIS across England. In undertaking the pilot & quarter 4 collection data quality concerns were highlighted in the following areas:

- Testing of denominator figures shows that 14% of 12 months CCG level data did not meet the -10% +20% validation standards when compared against registered population figures
- Testing of denominator figures shows that 13% of 24 months CCG level data did not meet the -10% +20% validation standards when compared against registered population figures
- Testing of denominator figures shows that 21% of 5 years CCG level data did not meet the -10% +20% validation standards when compared against registered population figures

Data Quality Issues per Area Team:

Arden, Herefordshire & Worcestershire Area Team:

R1A WORCESTERSHIRE HEALTH AND CARE NHS TRUST data submitted in Q3 & 4 by this provider for 05J NHS REDDITCH AND BROMSGROVE CCG, 05T NHS SOUTH WORCESTERSHIRE CCG & 06D NHS WYRE FOREST CCG was lower expected compared to registered population figures.

RYG COVENTRY AND WARWICKSHIRE PARTNERSHIP NHS TRUST data submitted in Q4 for 5 years was lower than expected for 05A NHS COVENTRY AND RUGBY CCG.

Bath Gloucestershire Swindon & Wiltshire Area Team:

All providers submitted data, no concerns with data submitted.

Birmingham, Solihull & the Black Country Area Team:

RBK WALSALL HEALTHCARE NHS TRUST fluctuations between quarters of data supplied for 05Y NHS WALSALL CCG.

RXK SANDWELL AND WEST BIRMINGHAM HOSPITALS NHS TRUST did not submit any Q4 5 years data for 05L NHS SANDWELL AND WEST BIRMINGHAM CCG

RYW BIRMINGHAM COMMUNITY HEALTHCARE NHS TRUST data for Q1 year 5 data for 13P NHS BIRMINGHAM CROSSCITY CCG was lower than expected compared to the registered population figures

Bristol, North Somerset, Somerset & South Gloucestershire Area Team:

All providers submitted data, no concerns with data submitted.

Cheshire, Warrington & Wirral Area Team:

RBL WIRRAL UNIVERSITY TEACHING HOSPITAL NHS FOUNDATION TRUST has not submitted data for all 4 quarters.

RXA CHESHIRE AND WIRRAL PARTNERSHIP NHS FOUNDATION TRUST for 02F NHS WEST CHESHIRE CCG in Q4 was lower than expected across all age groups.

RJN EAST CHESHIRE NHS TRUST Q4 12 months figures were lower than expected which has impacted on 01C NHS EASTERN CHESHIRE CCG, 01R NHS SOUTH CHESHIRE CCG, 02D NHS VALE ROYAL CCG.

Cumbria, Northumberland, Tyne & Wear Area Team:

RFR The Rotherham trust submitted data for Q1 12 months data for 00G NHS NEWCASTLE NORTH AND EAST CCG instead of Rotherham CCG GP's.

RNN CUMBRIA PARTNERSHIP NHS FOUNDATION TRUST Q1 figures were below expected registered population levels for 01H NHS CUMBRIA CCG

Derbyshire & Nottinghamshire Area Team:

OAK NHS GREATER EAST MIDLANDS COMMISSIONING SUPPORT UNIT Q4 year 5 data much higher than expected for 03X NHS EREWASH CCG

RFS CHESTERFIELD ROYAL HOSPITAL NHS FOUNDATION TRUST Q4 12 months data much lower than expected for 04J NHS NORTH DERBYSHIRE CCG

Durham, Darlington & Tees Area Team:

00D NHS DURHAM DALES, EASINGTON AND SEDGEFIELD CCG data submitted for this CCG by COUNTY DURHAM AND DARLINGTON NHS FOUNDATION TRUST for 12 months Q3 & 5 years Q4 were much lower than expected.

Devon, Cornwall & Isles of Scilly Area Team:

99P NHS NORTH, EAST, WEST DEVON CCG data submitted for this CCG significantly & consistently below expected registered population levels.

Greater Manchester Area Team:

Q2 data for 5 years from RT2 PENNINE CARE NHS FOUNDATION TRUST was lower than expected, this has impacted on:

00V NHS BURY CCG,
00Y NHS OLDHAM CCG,
01D NHS HEYWOOD, MIDDLETON AND ROCHDALE CCG,
02A NHS TRAFFORD CCG.

East Anglia Area Team:

All providers submitted data for Quarters 3 & 4.

RMY NORFOLK AND SUFFOLK NHS FOUNDATION TRUST
RY3 NORFOLK COMMUNITY HEALTH AND CARE NHS TRUST

Providers did not submit Q1 & 2 data.

RY3 NORFOLK COMMUNITY HEALTH AND CARE NHS TRUST contact with provider who informed the dataflows team that they do not have Hep. B data. Data quality flag that this provider does not have data rather than they have no children being vaccinated for HepB.

Essex Area Team:

All providers submitted data, no concerns with data submitted.

Hertfordshire & South Midlands Area Team:

All providers submitted data, no concerns with data submitted.

Kent & Medway Area Team:

Figures submitted by Kent Community Health Trust for Q4 12 months for 09J NHS DARTFORD, GRAVESHAM AND SWANLEY CCG & 10A NHS SOUTH KENT COAST CCG were lower than expected.

Lancashire Area Team:

All providers submitted data, no concerns with data submitted.

Leicestershire & Lincolnshire Area Team:

All providers submitted data, no concerns with data submitted. Data not expected from RY5 LINCOLNSHIRE COMMUNITY HEALTH SERVICES NHS TRUST.

London Area Team:

Non submission by B1H BAPTS HEALTH NHS TRUST as a result we have no data recorded for 08V NHS TOWER HAMLETS CCG contact

NON SUBMISSION BY RLM BARKS HEALTH NHS TRUST as a result we have no data recorded for 08V NHS TOWER HAMLETS CCG, contact with provider who informed they could only supply 6-8 weeks BF data and not child immunisation.

Numbers of eligible children significantly high for:

- 07N NHS BEXLEY CCG data being submitted for Bexley GP's by Oxleas Foundation Trust.
- 07P NHS BRENT CCG data being submitted for Harrow CCG GP's by both Brent CCG & Ealing Hospital, data from both has high level of correlation and therefore likely duplicate submission.
- 08A NHS GREENWICH CCG data being submitted for Greenwich GP's by both Oxleas Foundation Trust & Valentine Plus PMS.
- 08E NHS HARROW CCG data being submitted for Harrow CCG GP's by both Brent CCG & Ealing Hospital, unusually high submissions from Ealing for Q4.
- 08F NHS HAVERING CCG data being submitted for Havering GP's by North East London Foundation Trust

Merseyside Area Team:

All providers submitted data, no concerns with data submitted.

North Yorkshire & Humber Area Team:

RJL NORTHERN LINCOLNSHIRE AND GOOLE NHS FOUNDATION TRUST submissions in Q4 for 03K NHS NORTH LINCOLNSHIRE CCG have exceeded the expected number of eligible children compared to the registered population limits.

Shropshire & Staffordshire Area Team:

All providers submitted data, no concerns with data submitted.

South Yorkshire & Bassetlaw Area Team:

RFR The Rotherham trust submitted data for Q1 24 months & 5 years, & Q4 5 years for North Kirklees GP's instead of Rotherham CCG GP's and Q1 12 months data for 00G NHS NEWCASTLE NORTH AND EAST CCG instead of Rotherham CCG GP's.

02Q NHS BASSETLAW CCG no data has been submitted by any of the CHIS providers

Surrey & Sussex Area Team:

- 09L NHS EAST SURREY CCG
- 09N NHS GUILDFORD AND WAVERLEY CCG
- 09Y NHS NORTH WEST SURREY CCG
- 10C NHS SURREY HEATH CCG

Cause due to data from Virgin Care for Q1-3 being excluded from these extracts due to acknowledged incorrect submission of data at Q1-3, the submissions from Virgin care in Q4 for these CCG's have passed validation due to new query being supplied to Virgin by dataflows from the London region.

09D NHS BRIGHTON AND HOVE CCG Non submission of data due to system related issues.

Thames Valley Area Team:

YDD83 THAMES VALLEY PRIMARY CARE AGENCY data submitted for Q1 for 5 years failed validation as numbers were much higher than registered population limits, this has impacted on Q1 year 5 figures for:

- 10G NHS BRACKNELL AND ASCOT CCG
- 10M NHS NEWBURY AND DISTRICT CCG
- 10N NHS NORTH & WEST READING CCG
- 10T NHS SLOUGH CCG
- 10W NHS SOUTH READING CCG
- 11C NHS WINDSOR, ASCOT AND MAIDENHEAD CCG
- 11D NHS WOKINGHAM CCG

The data flows team contacted the provider re revising Q1 data at the Q4 window but the provider did not resubmit. Data submissions for all following quarters have not recorded this problem and going forward it is not anticipated to reoccur.

Wessex Area Team:

99M NHS NORTH EAST HAMPSHIRE AND FARNHAM CCG data consistently below expected level from registered patient figures. Probably cause due to data from Virgin Care for Q1-3 being excluded from these extracts due to acknowledged incorrect submission of data at Q1-3, there was no submission from Virgin care in Q4 for this CCG.

10R NHS PORTSMOUTH CCG no data has been submitted by any of the CHIS providers

West Yorkshire Area Team:

RFR The Rotherham trust submitted data for Q1 24 months & 5 years, & Q4 5 years for North Kirklees GP's instead of Rotherham CCG GP's, leading to North Kirklees CCG failing the validation criteria as the number of eligible children figures were too high when compared to registered population figures.

Non submission from RY6 Leeds Community Healthcare leading to limited data for NHS LEEDS NORTH CCG, NHS LEEDS WEST CCG &

Classification:

This is a new collection and as such all outputs are currently classified as experimental whilst improvements in DQ of information supplied is being targeted for improvement

Data is also classified as provisional as all providers will be able to resubmit all quarters data up until the year end

This collection is **not** the official statistical collection and is meant to manage local uptake rates and to provide assurance

Number of children being immunised	<=	Number of eligible children
Number of eligible children	<	Registered CCG age related population for last year PLUS 20%
Number of eligible children	>	Registered CCG age related population for last year MINUS 10%

Validating Coverage

Validation criteria to ensure immunisation coverage will be included in the Unify2 upload template. Any queries over immunisation coverage will be highlighted in the template for correction. The number of children receiving an immunisation must not be greater than the eligible number of children.

Denominator figures (Eligible Children)

The denominators submitted should relate to the eligible children for the GP practice registered population. When we validate the submitted data we will aggregate together all the GP practice data submitted to CCG level to check to see that the total figure submitted for the number of eligible children is similar to the relevant CCG's figures for registered children.

The Unify2 upload templates will not contain the validation criteria and benchmarking data to enable denominators to be validated prior to being uploaded to Unify2. NHS England Analytics Service will perform validation checks on all initial quarterly submissions and queries will be raised on an exception basis and e-mail messages sent to NHS England area team's for distribution to providers.

Validating Practice Codes

In order that the template will upload the GP practice codes must match the list of GP practices included in NHS England's list. This list will be updated each quarter and will be available with the template. As a result there will be a new UNIFY template for each quarterly submission.

For providers with practices that are not on the list:

In Quarter:

Contact UNIFY team to alert them of the list of practices that you believe are valid and missing from the NHS England list

Aggregate the data for these practices and submit the data under the V81999 practice code in the separate box for unregistered patients

This should be used where it is not possible to determine a PATIENT's registered GP Practice code, but it is known that they should have one, or where it is impossible to determine whether they should or shouldn't have a registered practice.

Providers are required to specify what CCG is responsible for the V81999 patients, where this is not known providers should include their lead commissioning CCG.

At Year End:

You will have the ability to resubmit all previous quarters' data; the GP match list will have been updated with all genuine GP practice codes that had been missing from previous versions of the list.

NHS England will routinely publish reports on the NHS England website where the conditional formatting identifies failures of the validation criteria. These criteria are listed in the reports.

Contacts
