## **Statistical Notes to Editors**

### **1. Critical Care data**

Data relating to the number of available and occupied critical care beds is a monthly snapshot taken at midnight on the last Thursday of each month and can fluctuate from month to month.

### **2. Data Quality**

Monthly SitReps data has been collected and published since August 2010. Prior to August 2010, data was collected weekly and was un-validated management information.

Critical care data published until January 2011 should be treated with a degree of caution as data on Critical Care beds was published bi-annually in a separate collection until January 2011. Since February 2011, there has been a significant improvement in the coverage and accuracy of this data.

### **3. Data Availability**

Monthly Sitreps data is published approximately 3 – 4 weeks after the end of the reference period.

### **4. Revisions**

Revisions to previous month's data are made in line with NHS England's revisions protocol for performance monitoring data. Future revisions will be made on a six-monthly cycle. The revisions protocol can be found on the NHS England website at: <http://www.england.nhs.uk/statistics/code-compliance/>

### **5. Feedback Welcomed**

We welcome feedback on the content and presentation of Critical Care and Cancelled Operations within this Statistical Press Notice and those published on NHS England's website. Please email any comments on this, or any other issues regarding the SitReps data and statistics, to: [unify2@dh.gsi.gov.uk](mailto:unify2@dh.gsi.gov.uk)
