

# **Emergency Care Data Set (ECDS) Data May 2025 and June 2025 (Provisional) Statistical Commentary**

## **Background**

The UEC Recovery Plan (<https://www.england.nhs.uk/publication/delivery-plan-for-recovering-urgent-and-emergency-care-services/>) commits to publication of 12 hours in an Emergency Department (ED) from arrival data on a regular basis from June 2023. This was revised in June 2024 in the UEC Recovery Plan Year 2 ([NHS England » Urgent and emergency care recovery plan year 2: building on learning from 2023/24](#)) which placed more emphasis on reducing long stays in ED.

This data is sourced from the Emergency Care Dataset (ECDS) and are separate from the data published as part of the Monthly A&E Attendances and Emergency Admissions Official Statistics.

ECDS is a patient-level dataset and contains a high level of patient information, including clinical condition and patient demographics, enabling us to understand capacity and demand and improve patient care.

This publication contains ECDS data including 12 hours from arrival at A&E as official statistics in development for Type 1 & 2 trusts and Urgent Treatment Centre (UTC) providers alongside the current published statistics.

Two months of data are present here: finalised April 2025 and provisional May 2025. The provisional data should be treated as an indicative position and will be superseded by a final version next month.

## **Main findings**

### **Attendances**

#### **Type 1 & 2**

- In May 2025 the total number of attendances at type 1 & 2 emergency departments was 1,486,107.
- In June 2025 the total number of attendances at type 1 & 2 emergency departments was 1,388,037.

#### **UTCs**

- In May 2025 the total number of attendances at UTCs was 519,807.
- In June 2025 the total number of attendances at UTCs was 466,336.

### **Emergency Admissions**

#### **Type 1 & 2**

- There were 359,531 attendances at type 1 & 2 emergency departments resulting in an admission in May 2025.
- There were 322,662 attendances at type 1 & 2 emergency departments resulting in an admission in June 2025.

## **UTCs**

- There were 17,247 attendances at UTCs resulting in an admission in May 2025.
- There were 17,971 attendances at UTCs resulting in an admission in June 2025.

## **Twelve Hour Delays**

- Of all the total attendances in May 2025, 139,881 spent more than 12 hours from arrival at A&E (9.4%).
- Of all the total attendances in June 2025, 121,860 spent more than 12 hours from arrival at A&E (8.8%).

## **Patient Characteristics - June 2025 (Provisional)**

### **Age**

#### **Type 1 & 2**

- 26% of type 1 & 2 attendances were for patients aged 65 years or older, with 11% of attendances being for patients 80 years or older. Children under five years old made up 8% of type 1 & 2 attendances, and ages 5 to 14 years were 10%.
- 43% of type 1 & 2 attendances resulting in an admission were for patients aged 65 years or older, with 21% being for patients 80 years or older.
- Type 1 & 2 attendances resulting in an admission for all other age groups was 56% with the lowest percentage being for those aged 5 to 14 years old (4%).

#### **UTCs**

- 15% of UTC attendances were for patients aged 65 years or older, with 4% of attendances being for patients 80 years or older. Children under five years old made up 8% of UTC attendances, and ages 5 to 14 years 14%.
- 22% of UTC attendances resulting in an admission were for patients aged 65 years or older, 7% for patients 80 years or older.
- 51% of UTC attendances resulting in an admission were for patients aged between 25 and 64.
- 0 to 14 year olds accounted for 17% of the total number of attendances that resulted in an admission from UTCs.

### **Gender**

#### **Type 1 & 2**

- 51% of type 1 & 2 attendances and 52% of type 1 & 2 attendances resulting in an admission were female.

#### **UTCs**

- 52% of UTC attendances and 53% of UTC attendances resulting in an admission were female.

## **Ethnicity**

### **Type 1 & 2**

- 68% of type 1 & 2 attendances and 74% of type 1 & 2 attendances resulting in an admission were from any white background.

### **UTCs**

- 57% of UTC attendances and 67% of UTC attendances resulting in an admission were from any white background.

## **Chief Complaint**

- As a result of the switch to the SNOMED MAX no providers were able to pass the 90% chief complaint completion data quality rule required for inclusion in the publication. As a consequence, we are unable to publish the chief complaint breakdown this month. We are in the process of working through the issues raised and hope to be able to resume publishing the breakdown next month.

## **Frailty**

### **Type 1 & 2**

- 68.5% of type 1 & 2 attendances for patients aged 65 and over had no clinical frailty score recorded in the Emergency Care Data Set (ECDS).
- 8.5% of type 1 & 2 attendances for patients aged 65 and over had a clinical frailty score of managing well. This was the highest proportion behind no clinical frailty score.

### **UTCs**

- 90.2% of UTC attendances for patients aged 65 and over had no clinical frailty score recorded in the Emergency Care Data Set (ECDS).
- 3.8% of UTC for patients aged 65 and over had a clinical frailty score of managing well. This was the highest proportion behind no clinical frailty score.

## Missing data

The following organisations did not meet the data quality thresholds for inclusion in the data for May 2025:

Birmingham Women's and Children's NHS Foundation Trust (Type 1 & 2)  
Luton Urgent Treatment Centre (UTC)  
Milton Keynes Urgent Care Centre (UTC)  
The Princess Alexandra Hospital NHS Trust (UTC)  
London North West University Healthcare NHS Trust (UTC)  
Queen Elizabeth Hospital Urgent Care Centre (UTC)  
St Mary's Urgent Care Centre @ St Mary's Hospital (UTC)  
University College London Hospitals NHS Foundation Trust (UTC)  
Derby Urgent Treatment Centre (UTC)  
Grantham Urgent Treatment Centre (UTC)  
Loughborough Urgent Care Centre (UTC)  
Sandwell and West Birmingham Hospitals NHS Trust (UTC)  
County Durham and Darlington NHS Foundation Trust (UTC)  
Doncaster and Bassetlaw Teaching Hospitals NHS Foundation Trust (UTC)  
Leeds Teaching Hospitals NHS Trust (UTC)  
Malton Urgent Treatment Centre (UTC)  
Scarborough Urgent Care Centre (UTC)  
St George's Centre (UTC)  
York Hospital Urgent Care Centre (UTC)  
Blackpool Urgent Care Centre (UTC)  
East Lancashire Hospitals NHS Trust (UTC)  
Liverpool University Hospitals NHS Foundation Trust (UTC)  
Mersey Care NHS Foundation Trust (UTC)  
Southport and Ormskirk Hospital NHS Trust (UTC)  
Wirral University Teaching Hospital NHS Foundation Trust (UTC)  
Ashford and St Peter's Hospitals NHS Foundation Trust (UTC)  
Hampshire Hospitals NHS Foundation Trust (UTC)  
Herne Bay Health Care Ltd (UTC)  
Isle of Wight NHS Trust (UTC)  
Phl Lymington UTC (UTC)  
Slough Urgent Care Centre (UTC)  
Whitstable Medical Practice (UTC)  
Woking Walk in Centre (UTC)  
Gloucestershire Health and Care NHS Foundation Trust (UTC)  
Royal United Hospitals Bath NHS Foundation Trust (UTC)  
South Bristol Urgent Treatment Centre (UTC)  
University Hospitals Dorset NHS Foundation Trust (UTC)

The following organisations did not meet the data quality thresholds for inclusion in the data for June 2025 (Provisional).

Barking, Havering and Redbridge University Hospitals NHS Trust (Type 1 & 2)  
Birmingham Women's and Children's NHS Foundation Trust (Type 1 & 2)  
Sherwood Forest Hospitals NHS Foundation Trust (Type 1 & 2)  
Airedale NHS Foundation Trust (Type 1 & 2)  
North Tees and Hartlepool NHS Foundation Trust (Type 1 & 2)  
East Cheshire NHS Trust (Type 1 & 2)  
East Lancashire Hospitals NHS Trust (Type 1 & 2)

Liverpool Women's NHS Foundation Trust (Type 1 & 2)  
Mid Cheshire Hospitals NHS Foundation Trust (Type 1 & 2)  
Royal Surrey County Hospital NHS Foundation Trust (Type 1 & 2)  
Luton Urgent Treatment Centre (UTC)  
Milton Keynes Urgent Care Centre (UTC)  
The Princess Alexandra Hospital NHS Trust (UTC)  
London North West University Healthcare NHS Trust (UTC)  
Queen Elizabeth Hospital Urgent Care Centre (UTC)  
St Mary's Urgent Care Centre @ St Mary's Hospital (UTC)  
University College London Hospitals NHS Foundation Trust (UTC)  
Derby Urgent Treatment Centre (UTC)  
George Eliot Hospital NHS Trust (UTC)  
Grantham Urgent Treatment Centre (UTC)  
Llr Ea - The Merlyn Vaz Health & Social Care Centre (UTC)  
Loughborough Urgent Care Centre (UTC)  
Oadby & Wigston Urgent Care Centre (UTC)  
Sherwood Forest Hospitals NHS Foundation Trust (UTC)  
County Durham and Darlington NHS Foundation Trust (UTC)  
Doncaster and Bassetlaw Teaching Hospitals NHS Foundation Trust (UTC)  
Humber Teaching NHS Foundation Trust (UTC)  
Leeds Teaching Hospitals NHS Trust (UTC)  
Malton Urgent Treatment Centre (UTC)  
Scarborough Urgent Care Centre (UTC)  
St George's Centre (UTC)  
York and Scarborough Teaching Hospitals NHS Foundation Trust (UTC)  
York Hospital Urgent Care Centre (UTC)  
Blackpool Urgent Care Centre (UTC)  
Bridgewater Community Healthcare NHS Foundation Trust (UTC)  
East Lancashire Hospitals NHS Trust (UTC)  
Liverpool University Hospitals NHS Foundation Trust (UTC)  
Mersey and West Lancashire Teaching Hospitals NHS Trust (UTC)  
Mersey Care NHS Foundation Trust (UTC)  
Mid Cheshire Hospitals NHS Foundation Trust (UTC)  
Southport and Ormskirk Hospital NHS Trust (UTC)  
Wirral University Teaching Hospital NHS Foundation Trust (UTC)  
Ashford and St Peter's Hospitals NHS Foundation Trust (UTC)  
Ashford Walk-In-Centre (UTC)  
Hampshire Hospitals NHS Foundation Trust (UTC)  
Herne Bay Health Care Ltd (UTC)  
Isle of Wight NHS Trust (UTC)  
Medway NHS Foundation Trust (UTC)  
Phl Lymington UTC (UTC)  
Slough Urgent Care Centre (UTC)  
Sussex Community NHS Foundation Trust (UTC)  
Whitstable Medical Practice (UTC)  
Woking Walk in Centre (UTC)  
Gloucestershire Health and Care NHS Foundation Trust (UTC)  
Royal United Hospitals Bath NHS Foundation Trust (UTC)  
South Bristol Urgent Treatment Centre (UTC)  
University Hospitals Dorset NHS Foundation Trust (UTC)

For further details on data quality and completeness please refer to the supporting Excel file(s).

## Methodology

Record-level data is submitted to the Emergency Care Dataset (ECDS) via the SUS+ service. This data is then aggregated by NHS England to produce these data. Data is extracted approximately 5 to 6 weeks post month-end for finalised data and approximately 5 to 10 days post month-end for provisional data.

Data is presented at site-level, which is aggregated to ICB-level using Organisation Data Service (ODS) mapping of site to ICB.

For the full methodology of this publication please see the ECDS technical definitions document (<http://www.england.nhs.uk/statistics/statistical-work-areas/ae-waiting-times-and-activity/>).

## Data availability

These data are published to a pre-announced timetable, usually every second Thursday of the month. The data is published on the NHS England website here:

<http://www.england.nhs.uk/statistics/statistical-work-areas/ae-waiting-times-and-activity/>

## Data revisions

These data are published as provisional statistics. A final version will be published at year-end (date tbc).

## Data comparability

These data can be compared to the Monthly A&E Attendances and Emergency Admissions data published by NHS England (<http://www.england.nhs.uk/statistics/statistical-work-areas/ae-waiting-times-and-activity/>).

A summary of the comparability between these sources is available here:

(<http://www.england.nhs.uk/statistics/statistical-work-areas/ae-waiting-times-and-activity/>)

These data can also be compared to A&E data for Wales collected by the Welsh Government, data for Scotland collected by the Information Services Division (ISD) Scotland, and data for Northern Ireland collected by the Department of Health, Social Services and Public Safety. A description of the technical differences between data from the four administrations can be found here: <https://gss.civilservice.gov.uk/health-waiting-time-statistics/>

The Welsh Government publishes monthly data on A&E attendances and 12-hour from arrival performance. Data can be found here:

<https://statswales.gov.wales/Catalogue/Health-and-Social-Care/NHS-Hospital-Waiting-Times/emergency-department>

ISD Scotland publishes weekly data on A&E attendances and 12-hour from arrival performance. Data can be found here:

<http://www.isdscotland.org/Health-Topics/Emergency-Care/Publications/index.asp?ID=1251>

The Department of Health, Social Services and Public Safety publishes quarterly data on A&E attendances and 12-hour from arrival performance. Data can be found here: <http://www.dhsspsni.gov.uk/index/statistics/hospital/waitingtimes-emergency.htm>

12-hour from arrival performance data were published as part of a joint NHS England and NHS Digital Annual A&E Report ( <https://digital.nhs.uk/data-and-information/publications/statistical/hospital-accident--emergency-activity/2021-22> ).

## **Glossary**

### **A&E Attendance**

The presence of a patient in an A&E service seeking medical attention.

### **A&E Type**

Collectively the term All Types includes the following department types:

Type 1) Major A&E Departments (also referred to as Emergency Departments (EDs))

Type 2) Single Specialty A&E services (e.g. ophthalmology, dental)

Type 3) Other types of A&E such as Urgent Treatment Centres (UTCs), Urgent Care Centres (UCCs), Minor Injury Units (MIUs) and Walk-in Centres (WICs)

### **Emergency admission via A&E (also referred to as an Admitted A&E Attendance)**

Admission to a hospital bed as an emergency via an A&E Department.

### **Provider**

An organisation that provides NHS treatment or care, for example, an NHS acute trust, mental health trust, community provider, or an independent sector organisation.

### **Type 1 A&E**

A major A&E or emergency department which provides a consultant-led, 24 hour service with full resuscitation facilities and designated accommodation for the reception of emergency patients.

### **Waiting Time**

The time of arrival until the time of admission, transfer, or discharge.

### **Feedback welcomed**

We welcome feedback on the content and presentation of the data within this report and those published on the NHS England website. If anyone has any comments on this, or any other issues regarding A&E data and statistics, then please email [england.nhsdata@nhs.net](mailto:england.nhsdata@nhs.net).

### **Additional Information**

Full details of A&E and emergency admissions data for individual organisations are available at:

<http://www.england.nhs.uk/statistics/statistical-work-areas/ae-waiting-times-and-activity/>

For press enquiries please contact the NHS England media team on 0113 825 0958 or 0113 825 0959.

Email enquiries should be directed to: [nhsengland.media@nhs.net](mailto:nhsengland.media@nhs.net)

The Government Statistical Service (GSS) statistician with overall responsibility for the data in this report is:

Kerry Evert,  
Senior Analytical Lead,  
National UEC Operations and UEC Recovery,  
NHS England
