

OBJECTIVE	NATIONAL ACTION	OWNER	TIME
Develop national policy and programmes for: "Making every contact count"	Secure a budget and design a programme to support "making every contact count" for all branches of nursing and midwifery tailored for each group	SRO	Apr-13
	Develop a narrative for implementing "making every contact count"	SRO	May-13
	Undertake an engagement exercise at the conference, planned for summer 2013, to consider the role of midwives in "making every contact count"	SRO	Jun-13
	Development and testing of leadership and continuing professional development programmes, linked to Children and Young People Outcome Framework and The Carlisle Inquiry Report	Professional Officer (Nursing) Dept of Health	Sep-14
Maximise the leadership role of specialist community practitioners and public health nurses	Work with wider community services to identify the public health nurse role - district nurse and practice nurse, including support for and a work stream for supporting carers	Professional Officer (Nursing) Dept of Health	Apr-14
	Secure funding and develop a programme to create a new model of public health nursing and establish an evidence base of contemporary public health knowledge	SRO	Apr-13
	Develop a network and task groups for public health nursing and midwifery	SRO	Sep-13
Develop a new model for the public health role of midwives	Engaging stakeholders, including RCM, design a one-page strategy and visual for public health midwifery	SRO	Apr-13
	Secure funding and develop a programme to create a new model of public health midwifery	SRO	Apr-13
Give children and families the best start through national health visiting and school nurse development plans	Actions are within the national health visitor plan	Professional Officer (PH Nursing and Health Visiting) Dept of Health	Apr-13
	Actions are within the school nurse development plan. Develop a standard school nurse offer to support the delivery of school health services	Professional Officer (PH Nursing and Health Visiting) Dept of Health	Apr-14
Develop a programme of work to support "The Dementia Challenge"	Development of e-learning sessions (Introduction to dementia (x2), and compassionate care and dementia (x2))	Professional Officer (PH Nursing and Health Visiting) Dept of Health	May-13
	Develop the dementia vision and strategy for the nursing contribution to dementia care	Professional Officer (PH Nursing and Health Visiting) Dept of Health	Feb-13
	Dementia Pathway document with best practice examples for dementia care nursing	Professional Officer (PH Nursing and Health Visiting) Dept of Health	Feb-13
	Develop a communication strategy to promote dementia e-learning, vision and pathway	Professional Officer (PH Nursing and Health Visiting) Dept of Health	Mar-13

OBJECTIVE	NATIONAL ACTION	OWNER	TIME
Develop the nursing contribution to "No Health without Mental Health"	The Health Equality Framework: Currently under clinical testing. HEF Tools was launched 6 March 2013. NHS England to work with CCGs to promote use of tool to measure and reduce impact of health inequalities	Professional Officer (PH Nursing and Health Visiting) Dept of Health	Mar-14
	Measuring therapeutic engagement: Questionnaire is currently under clinical testing. Once complete, it is anticipated that it may need some refinement, and then be tested in a larger study	Professional Officer (PH Nursing and Health Visiting) Dept of Health	Mar-14
Use NICE guidance to develop an accessible evidence base for midwifery in public health practice	Complete summary of NICE guidelines, with accessible recommendations grouped by public health outcome domains	PHN Project Team	Apr-13
	Promotion of the guidelines to nurses and midwives. This can be achieved by disseminating them throughout the NHS, discussion at conferences and direct to nurses and midwives through social media	NHS England	Jun-13
	Measurement of the effectiveness of the NICE guidelines after they have been published, within a defined timescale. May take the form of a survey of nurses who have used them, gauging the nurses' opinion of their usefulness	NHS England	Aug-14
	Ensure that NICE guidelines are an inherent part of the advice and guidance framework, and are fed explicitly into commissioning processes, procedures and guidelines for contracts	NHS England	Sep-13
Applying Compassion in Practice in Social Care Settings: working effectively across sectors to integrate health, care and support services	Use the "Tell Us How" project to engage with health and social care sectors to seek opinions about how to reduce bureaucracy and create more time to care	SRO	May-13
	Further development of the 15 Step Challenge to enable delivery in community hospitals and social care settings	SRO	Dec-13
	Collaborate on the implementation of the Leadership Qualities Framework for Adult Social Care and Everyday Excellence (careers for registered managers in the care sector)	SRO	Jun-13
	Consider the findings of "Your Care Rating", the survey of care home residents and what impact this might have on active engagement across sectors	SRO	Sep-13
	Develop and embed a new network to ensure engagement is sustained	SRO	Sep-13
	Consider the implications of "Effectiveness of staffing models in residential, sub-acute, extended aged care settings on patient and staff outcomes" - a Cochrane Review 2011	SRO for AA5	Dec-13
	Application and implementation of the narrative for person-centred (integrated) care that supports NHS England and CCGs to fulfil their duty (under the Health and Social Care Act 2012) to promote and encourage the integration of care	Head of Long Term Conditions NHS England	Apr-13
	Ensure that action areas 2-6 take into account social care and the integration of health and social care	SRO	Apr-13
	Publish a common purpose framework for the integration of care and local services	Department of Health and NHS England	May-13

OBJECTIVE	NATIONAL ACTION	OWNER	TIME
Develop a programme of work, to reduce the impact of health inequalities, for people with learning disabilities	Promote the use of the Health Equalities Framework Tool	Professional Officer (Mental Health and Learning Disabilities) Dept of Health	Dec-13
	Negotiate with the Health and Social Care Information Centre regarding the collection of national data	Professional Officer (Mental Health and Learning Disabilities) Dept of Health	Dec-13
	Develop a National Health and Social Care Passport for people with learning disabilities going into acute care settings	Professional Officer (Mental Health and Learning Disabilities) Dept of Health	Mar-14
OBJECTIVE	LOCAL ACTION	OWNER	TIME
"Making every contact count" for health and wellbeing	Maximise the contribution of general practice nursing to high quality, compassionate and excellent health and wellbeing outcomes for all people cared for in community settings, using the visual that has been developed and the engagement with practice nurses at the Healthcare Innovation Expo in March 2013	Professional Officer (Nursing) Dept of Health, Head of Long Term Conditions NHS England	Apr-14
	Implement 'Care in Local Communities', a new vision and model for district nursing	Professional Officer (Nursing) Dept of Health, Head of Long Term Conditions NHS England	Apr-14
	Consider a programme of work to maximise the impact of risk stratification on early identification and intervention for health improvement and better outcomes for people with long term conditions	SRO	Jul-13
	Definitive guidance is required on care planning and shared decision making, to support all nurses to actively engage patients in discussions about their health and care support needs. There must be clear guidance on improving self management /self care and health outcomes. We will also explore the therapeutic interview techniques model for midwifery to support better care planning and shared decision making in this area	SRO	Jun-13
	Education and training plans need to be in place for implementation of the dementia e-learning sessions to support all nurses to understand and recognise their contribution along the dementia pathway	Professional Officer (PH Nursing and Health Visiting) Dept of Health	Jun-13
Ensure practice is supported by appropriate technology	Technology and social media workshops and support for school nurses, district nurses and general practice nurses	Professional Officer (Nursing) Dept of Health	Oct-14
	Design a mechanism for receiving bids and allocating the £100m technology fund	Dept of Health	Mar-15

OBJECTIVE	LOCAL ACTION	OWNER	TIME
Improve health and wellbeing for children and young people through school nursing plans	Implement the national school nurse plan	All Providers	Apr-14
Develop our skills as "health promoting practitioners", "making every contact count"	Develop a competency framework for dementia and roll out of e-learning to every member of the clinical care team	Professional Officer (PH Nursing and Health Visiting) Dept of Health	Dec-13
	Consider further development of the 'care maker' role within the social care sector	Head of Commissioning NHS England	Jul-13
	Maximise the impact of national campaigns on the call to action for individuals, e.g. NHS Change Day	SRO	Mar-14
