

Paediatric Oncology Quality Dashboard 2017/18

Indicator Reference Number	Domain	Measure	Rationale	Name of Indicator/ Description	Numerator	Denominator	Period Type	Frequency	Data Source Numerator	Data Source Denominator	Target	Interpretation Guidance	Notes	Reporting Periods			
														Q1	Q2	Q3	Q4
PO01	Domain 1: Preventing people from dying prematurely	Survival (5 yr) - Leukaemia		5 Year Survival Rate for children with Leukaemia.	Definitions to be agreed with NCRAS.	Definitions to be agreed with NCRAS.	Rolling 3 year	Annual	(External Source Data) NCRAS	(External Source Data) - NCRAS		Higher is Better	Future indicator - subject to data availability from NCRAS.				
PO02	Domain 1: Preventing people from dying prematurely	Survival (5 yr) - CNS tumours		5 Year Survival Rate for children with CNS tumours.	Definitions to be agreed with NCRAS.	Definitions to be agreed with NCRAS.	Rolling 3 year	Annual	(External Source Data) NCRAS	(External Source Data) - NCRAS		Higher is Better	Future indicator - subject to data availability from NCRAS.				
PO03	Domain 1: Preventing people from dying prematurely	Survival (5 yr) - non CNS solid tumours		5 Year Survival Rate for children with non CNS solid tumours.	Definitions to be agreed with NCRAS.	Definitions to be agreed with NCRAS.	Rolling 3 year	Annual	(External Source Data) NCRAS	(External Source Data) - NCRAS		Higher is Better	Future indicator - subject to data availability from NCRAS.				
PO05i	Domain 5: Treating and caring for people in a safe environment and protecting them from avoidable harm	Access to designated oncology ward (base ward)		Proportion of children requiring admission who cannot be accommodated in the designated oncology ward (base ward), either outliers within Trust or to another site.	From the denominator, the number of children who could not be accommodated within the designated oncology ward (base ward) e.g. either outliers within Trust or to another site.	Number of children requiring admission to the designated oncology ward (base ward) within the reporting period.	Quarterly	Quarterly	Provider Organisations to submit data to the SSQD web portal.	Provider Organisations to submit data to the SSQD web portal.		Lower is Better	Exclude any patients where it was appropriate to be admitted to an alternative location i.e. Isolation, Neurological, Surgical Ward or Shared Care Unit. The numerator should not include those patients admitted to another ward by choice; e.g. for surgery.	Apr 17 - Jun 17	Jul 17 - Sep 17	Oct 17 - Dec 17	Jan 18 - Mar 18
PO06	Domain 4: Ensuring that people have a positive experience of care	Occupancy rates - designated oncology ward (base ward)		Occupancy rates on designated oncology ward (base ward).	Number of bed days which were occupied within the reporting period.	Number of bed days available on the designated oncology ward (base ward), within the reporting period.	Quarterly	Quarterly	Provider Organisations to submit data to the SSQD web portal.	Provider Organisations to submit data to the SSQD web portal.			Base ward as defined/named at Peer Review (may be more than 1 ward)	Apr 17 - Jun 17	Jul 17 - Sep 17	Oct 17 - Dec 17	Jan 18 - Mar 18
PO09	Domain 5: Treating and caring for people in a safe environment and protecting them from avoidable harm	Chemotherapy incidents		Rate of chemotherapy related incidents.	Number of incidents related to treatment within the reporting period.	Number of chemotherapy cycles within the reporting period.	Quarterly	Quarterly	Provider Organisations to submit data to the SSQD web portal. (DATIX)	Provider Organisations to submit data to the SSQD web portal. (SACT)		Lower is Better	Include all incidents reported on DATRIX or local reporting systems.	Apr 17 - Jun 17	Jul 17 - Sep 17	Oct 17 - Dec 17	Jan 18 - Mar 18
PO10	Domain 4: Ensuring that people have a positive experience of care	Patient experience survey		Proportion of patient surveys returned.	Number of surveys returned within the reporting period.	Number of patient surveys sent out within the reporting period.	Annual	Annual	Provider Organisations to submit data to the SSQD web portal.	Provider Organisations to submit data to the SSQD web portal.		Higher is Better					Apr 17 - Mar 18
PO11	Domain 4: Ensuring that people have a positive experience of care	Patient experience survey		Proportion of patient surveys with positive responses.	Number of positive responses within the reporting period.	Number of surveys returned with the reporting period.	Annual	Annual	Provider Organisations to submit data to the SSQD web portal.	Provider Organisations to submit data to the SSQD web portal.		Higher is Better	Proportion who say service is 'good' or better than 'good'.				Apr 17 - Mar 18
PO12	Domain 4: Ensuring that people have a positive experience of care	Clinical trials		Proportion of eligible children offered access to nationally available clinical trials.	Number offered access to nationally available clinical trials.	Number of eligible children within reporting period.	Annual	Annual	Provider Organisations to submit data to the SSQD web portal.	Provider Organisations to submit data to the SSQD web portal.		Higher is Better					Apr 17 - Mar 18

Indicator Reference Number	Domain	Measure	Rationale	Name of Indicator/ Description	Numerator	Denominator	Period Type	Frequency	Data Source Numerator	Data Source Denominator	Target	Interpretation Guidance	Notes	Q1	Q2	Q3	Q4
PO16	Domain 3: Helping people to recover from episodes of ill health or following injury	End of treatment summaries and follow-up care plans		Proportion of patients completing treatment, who receive an end of treatment summary and follow-up care plan, within 3 months of the end of treatment.	No. of patients completing treatment, who receive an end of treatment summary and follow-up care plan, within 3 months of the end of treatment.	No. of patients completing treatment.	Quarterly - lagged to allow data collection	Quarterly	Provider Organisations to submit data to the SSQD web portal.	Provider Organisations to submit data to the SSQD web portal.		Higher is Better	Reporting period for this metric lagged 3 months, as required for data collection. The care plan can be in any format, but must include a treatment summary, and it must set out the detail of any ongoing follow up required, including late effects.	Jan 17 - Mar 17	Apr 17 - Jun 17	Jul 17 - Sep 17	Oct 17 - Dec 17

Data collection has been approved by the Review of Central Returns - ROCR
ROCR/OR/2230/001MAND
