Master Bands and Ranges

This table is intended to be in a format useful for electronic prescribing systems.

Use To (A) if your system will round UP for doses on the step between two bands.

Use To (B) if your system will round DOWN for doses on the step between two bands.

Band Range (mg)			Band Dose (mg)	Variance (%)

Dose-specific Tables

As dose reductions are usually liberal with MAB's then the range of doses is smaller although if there is a need to reduce further then the same rules can be followed with a maximum variance of $\pm 10\%$
