Personal Need	Key actions for people involved in my care	Frequency of review
<p>1. To ensure that aims of my treatment and care are based on a clear rationale, regularly reviewed and understood by all those involved with my care.</p>	<ul style="list-style-type: none"> a. Identify GP and responsible registered nurse/key worker and ensure that my family, carers and I am aware of who this is. b. Identify a clear treatment and care rationale and plan which is discussed and agreed with me or my advocates and the professionals caring for me and discussed with and explained to my family and carers, unless I have stated not to. c. Ensure this plan is reviewed at each visit or, if in inpatient unit, daily and changed according to any change in my condition or needs. d. Ensure I and my family and carers are aware of changes in my condition, medical management plan and care plan as appropriate e. Provide us with appropriate written information f. Provide us with information about services involved in my care and their contact numbers g. Ensure information about my care plan is shared with relevant services (including out of hours services) if I have consented to this. h. Ensure that my family, carers and I (if appropriate) know who to contact if further help and advice is needed at all times. i. Ensure my family and carers understand what to do in the event of my deterioration 	<p>Ongoing</p> <p>Any changes to be noted in Care Plan Evaluation and system one.</p>
