

New Care Models

William Roberts

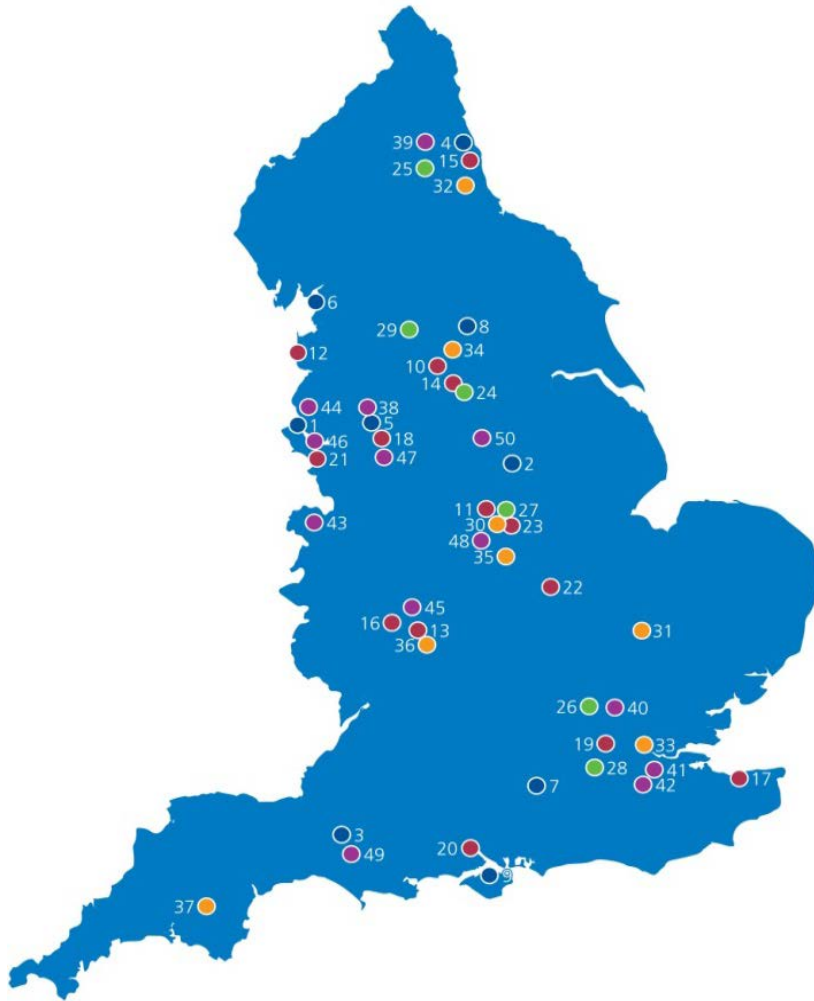

July 2016

Our core values

50 vanguards selected

5 new models of care with a total of **50** vanguards:

- 9** Integrated primary and acute care systems
- 14** Multispecialty community providers
- 6** Enhanced health in care homes
- 8** Urgent and emergency care
- 13** Acute care collaboration

Addressing the key enablers of transformation

Our values: clinical engagement, patient involvement, local ownership, national support

What is the EHCH model about?

- Providing joined-up primary, community and secondary, social care to residents of care/ nursing homes and Extra care Living Schemes (ECLS) via a range of in-reach services.
- To deliver person-centred integrated preventative care that promotes independence and supports individuals in an appropriate housing option of their choosing

Why are we doing this?

- To improve the quality of life, healthcare and planning for people with LTCs - in both care/ nursing homes, ELCS and the community

“I want to live as normal
a life as possible”

“I get the best clinical
outcomes possible”

“I want to feel part of
a community”

What appears to make the difference for care home residents?
