1 Additional Services

The following vaccination programmes are classified as additional services. GP practices who provide childhood vaccines and immunisations as part of additional services under a GMS contract are required to offer to provide the immunisations outlined below:

Vaccination Programme – Childhood Immunisations	Detail of Requirements
Diphtheria, tetanus, poliomyelitis, pertussis and Haemophilus influenza type B (DTaP/IPV/HIB/HepB) primary course	SFE 2013-14 Section 11 – (please see SFE 2018 amendments to Section 11 and Annex I of the immunisation schedule)
Measles, Mumps and Rubella (MMR)	
Diphtheria, tetanus, pertussis and polio (dTaP/IPV, or DTaP/IPV)	
Rotavirus	SFE 2013-14 Section 12
Pneumococcal (PCV) for babies (doses at 2 and 4 months)	SFE 2013-14 Section 13
Pneumococcal (PCV) for babies (dose at 13 months)	
Haemophilus influenza type B and Meningitis C (HIB/MenC) booster (dose at 12 months)	

This section makes provision for payments to be paid to contractors, who are contracted to provide the following vaccination programmes as part of an additional service:

Vaccination Programmes – Other additional services	Detail of Requirements
Shingles Routine Immunisation (70 year olds & previously eligible up to 80 years)	SFE 2014-15 Section 14
