

CLINICAL PRIORITIES ADVISORY GROUP
05 February 2019

Agenda Item No	03.2
National Programme	Trauma
Clinical Reference Group	Spinal Services
URN	1739

Title
Spinal Cord Injury Services (adults & children)

Actions Requested	1. Agree the changes to the service specification
	2. Recommend its approval as an IYSD

Proposition
<p>The service specification has been updated to reflect current practice and includes revised and updated Quality indicators. It replaces the current published version. There is no change to service configuration and no change to how services will be delivered.</p> <p>CPAG are asked to recommend the approval of the changes to this updated service specification for Spinal Cord Injury services.</p>

The committee is asked to receive the following assurance:	
1.	The Head of Clinical Effectiveness confirms the proposal has completed the appropriate sequence of governance steps and includes where necessary an: Evidence Review; Clinical Panel Report.
2.	The Head of Acute Programmes confirms the proposal is supported by an: Impact Assessment; Stakeholder Engagement Report; Service Specification Proposition; Equality Impact and Assessment Report. The relevant National Programme of Care has approved these reports.

3.	The Director of Finance (Specialised Commissioning) confirms that the impact assessment has reasonably estimated a) the incremental cost and b) the budget impact of the proposal.
4.	The Clinical Programmes Director (Specialised Commissioning) confirms that the service and operational impacts have been completed.
5.	The Director of Nursing (Specialised Commissioning) confirms that the proposed quality indicators have been adequately defined.

The following documents are included (others available on request):	
1.	Service Specification Proposition
2.	Stakeholder Engagement Report
3.	Evidence Summary – not applicable
4.	Clinical Panel Report - not applicable
5.	Equality Impact and Assessment Report
