

You said, we did – NHS website

NHS Digital is making good changes to the [NHS.uk website](https://www.nhs.uk). The website used to be called NHS Choices.

We asked the group what would make it more useful for people with a learning disability, autistic people and family carers.

You said

How to make NHS.uk useful and accessible for people with a learning disability, autistic people and families and carers.

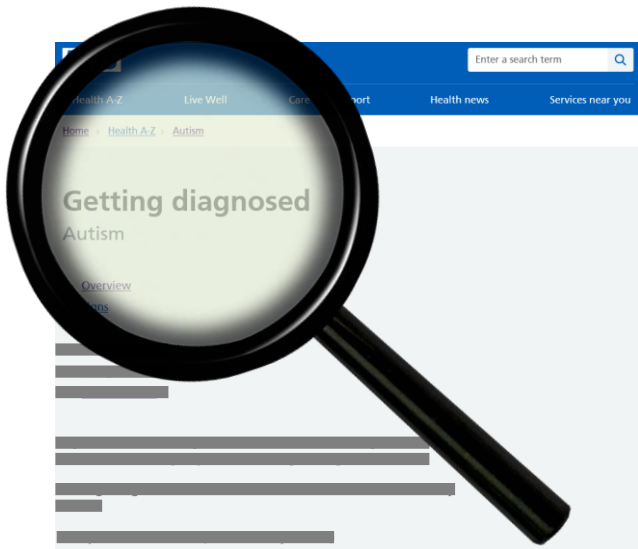

Digital

We did

We've been working with NHS Digital to make the changes the group suggested, including words that are used and what the pages say.

The autism webpages are being looked at again in more detail and bigger changes will be made.

You can visit the NHS website autism pages: www.nhs.uk/conditions/autism/
