Dear ██████████

Request under the Freedom of Information Act 2000 (the “FOI Act”)

I refer to your email of **5 November 2017** in which you requested information under the FOI Act. Since 1 April 2016, Monitor and the NHS Trust Development Authority (the TDA) have been operating as part of an integrated organisation known as NHS Improvement. For the purpose of this decision, NHS Improvement means the TDA.

Your request

You made the following request:

“I would like to know how many current NHS Trust CEO’s are from a professional financial/accountancy background. (this may have been NHS or other).”

Decision

NHS Improvement does not hold the information you have requested. For the record, NHS trusts have a Chief Officer as opposed to Chief Executive Officer.

Review rights

If you consider that your request for information has not been properly handled or if you are otherwise dissatisfied with the outcome of your request, you can try to resolve this informally with the person who dealt with your request. If you remain dissatisfied, you may seek an internal review within NHS Improvement of the issue or the decision. A senior member of NHS Improvement’s staff, who has not previously been involved with your request, will undertake that review.

If you are dissatisfied with the outcome of any internal review, you may complain to the Information Commissioner for a decision on whether your request for information has been dealt with in accordance with the FOI Act.

A request for an internal review should be submitted in writing to FOI Request Reviews, NHS Improvement, Wellington House, 133-155 Waterloo Road, London SE1 8UG or by email to nhsi.foi@nhs.net.

Publication

Please note that this letter will shortly be published on our website. This is because information disclosed in accordance with the FOI Act is disclosed to the public at large. We will, of course, remove your personal information (e.g. your name and contact details) from the version of the letter published on our website to protect your personal information from general disclosure.

Yours sincerely,

NHS Improvement
