 - b) Tackle inequalities in outcomes, experience and access;
 - c) Enhance productivity and value for money;
 - d) Help the NHS support broader social and economic development.
- 1.1.2 The ICB will use its resources and powers to achieve demonstrable progress on these aims, collaborating to tackle complex challenges, including:
- a) Improving the health of children and young people;
 - b) Supporting people to stay well and independent;
 - c) Acting sooner to help those with preventable conditions;
 - d) Supporting those with long-term conditions or mental health issues;

1.2 Name

- 1.2.1 The name of this Integrated Care Board is NHS South West London Integrated Care Board (“the ICB”).

1.3 Area Covered by the Integrated Care Board

- 1.3.1 The area covered by the ICB is coterminous with the London Boroughs of Croydon, Kingston upon Thames, Merton, Richmond, Sutton and Wandsworth.

1.4 Statutory Framework

- 1.4.1 The ICB is established by order made by NHS England under powers in the 2006 Act.
- 1.4.2 The ICB is a statutory body with the general function of arranging for the provision of services for the purposes of the health service in England and is an NHS body for the purposes of the 2006 Act.
- 1.4.3 The main powers and duties of the ICB to commission certain health services are set out in sections 3 and 3A of the 2006 Act. These provisions are supplemented by other statutory powers and duties that apply to ICBs, as well as by regulations and directions (including, but not limited to, those made under the 2006 Act).

- 1.4.4 In accordance with section 14Z25(5) of, and paragraph 1 of Schedule 1B to, the 2006 Act the ICB must have a constitution, which must comply with the requirements set out in that Schedule. The ICB is required to publish its constitution (section 14Z29). This Constitution is published at www.southwestlondon.nhs.uk
- 1.4.5 The ICB must act in a way that is consistent with its statutory functions, both powers and duties. Many of these statutory functions are set out in the 2006 Act but there are also other specific pieces of legislation that apply to ICBs. Examples include, but are not limited to, the Equality Act 2010 and the Children Acts. Some of the statutory functions that apply to ICBs take the form of general statutory duties, which the ICB must comply with when exercising its functions. These duties include but are not limited to:
- a) Having regard to and acting in a way that promotes the NHS Constitution (section 2 of the Health Act 2009 and section 14Z32 of the 2006 Act);
 - b) Exercising its functions effectively, efficiently and economically (section 14Z33 of the 2006 Act);
 - c) Duties in relation children including safeguarding, promoting welfare etc (including the Children Acts 1989 and 2004, and the Children and Families Act 2014);
 - d) Adult safeguarding and carers (the Care Act 2014);
 - e) Equality, including the public-sector equality duty (under the Equality Act 2010) and the duty as to health inequalities (section 14Z35);
 - f) Information law, (for instance, data protection laws, such as the UK General Data Protection Regulation 2016/679 and Data Protection Act 2018, and the Freedom of Information Act 2000); and
 - g) Provisions of the Civil Contingencies Act 2004.
- 1.4.6 The ICB is subject to an annual assessment of its performance by NHS England which is also required to publish a report containing a summary of the results of its assessment.
- 1.4.7 The performance assessment will assess how well the ICB has discharged its functions during that year and will, in particular, include an assessment of how well it has discharged its duties under:
- a) section 14Z34 (improvement in quality of services);
 - b) section 14Z35 (reducing inequalities);
 - c) section 14Z38 (obtaining appropriate advice);
 - d) section 14Z40 (duty in respect of research)
 - e) section 14Z43 (duty to have regard to effect of decisions);
 - f) section 14Z44 (public involvement and consultation);
 - g) sections 223GB to 223N (financial duties); and
 - h) section 116B(1) of the Local Government and Public Involvement in Health Act 2007 (duty to have regard to assessments and strategies).

1.4.8 NHS England has powers to obtain information from the ICB (section 14Z60 of the 2006 Act) and to intervene where it is satisfied that the ICB is failing, or has failed, to discharge any of its functions or that there is a significant risk that it will fail to do so (section 14Z61).

1.5 Status of this Constitution

1.5.1 The ICB was established on 1 July 2022 by The Integrated Care Boards (Establishment) Order 2022, which made provision for its Constitution by reference to this document.

1.6 Variation of this Constitution

1.6.1 In accordance with paragraph 15 of Schedule 1B to the 2006 Act this Constitution may be varied in accordance with the procedure set out in this paragraph. The Constitution can only be varied in two circumstances:

- a) where the ICB applies to NHS England in accordance with NHS England's published procedure and that application is approved; and
- b) where NHS England varies the Constitution of its own initiative, (other than on application by the ICB).

1.6.2 The procedure for proposal and agreement of variations to the Constitution is as follows:

- a) The Constitution will be reviewed as necessary by the CEO of the ICB. Following this review, the CEO will recommend necessary amendments to the Chair of the ICB, for agreement;
- b) Proposed amendments will be put to the ICB Board for ratification;

9.1.1 In line with section 14Z45(2) of the 2006 Act the ICB has made arrangements to secure that individuals to whom services which are, or are to be, provided pursuant to arrangements made by the ICB in the exercise of its functions, and their carers and representatives, are involved (whether by being consulted or provided with information or in other ways) in:

- a) the planning of the commissioning arrangements by the Integrated Care Board;
- b) the development and consideration of proposals by the ICB for changes in the commissioning arrangements where the implementation of the proposals would have an impact on the manner in which the services are delivered to the individuals (at the point when the service is received by them), or the range of health services available to them; and
- c) decisions of the ICB affecting the operation of the commissioning arrangements where the implementation of the decisions would (if made) have such an impact.

9.1.2 In line with section 14Z54 of the 2006 Act the ICB has made the following arrangements to consult its population on its system plan:

- a) We have six local Health and Care Plans, one for each of our Local Authority Boroughs. We will ensure these are co-developed and inform our overall system plan;
- b) To ensure the local Health and Care Plans are right for our communities we co-develop them through Partner and stakeholder engagement, health and care organisations at place level, as well as key stakeholders in the borough;
- c) Broad engagement – using our current community/patient group networks, and wider engagement tools such as Citizens Panels and other ‘representative sample’ surveys or group work;
- d) Targeted engagement with communities that experience health inequalities within each borough;
- e) Targeted engagement with patients and communities that have Long Term Conditions – those that are prioritised in the local health and care plans and /or are prevalent in each borough.

9.1.3 The ICB has adopted the ten principles set out by NHS England for working with people and communities.

- a) Put the voices of people and communities at the centre of decision-making and governance, at every level of the ICS;

- b) Start engagement early when developing plans and feed back to people and communities how it has influenced activities and decisions;
- c) Understand your community's needs, their relevant social histories, experience and aspirations for health and care, using engagement to find out if change is having the desired effect;
- d) Build relationships with excluded groups – especially those affected by inequalities;
- e) Work with Healthwatch and the voluntary, community and social enterprise sector as key partners;
- f) Provide clear and accessible public information about vision, plans and progress to build understanding and trust;
- g) Use community development approaches that empower people and communities, making connections to social action;
- h) Use co-production, insight and engagement to achieve accountable health and care services;
- i) Co-produce and redesign services and tackle system priorities in partnership with people and communities; and
- j) Learn from what works and build on the assets of all partners in the ICS – networks, relationships, activity in local places.

9.1.4 These principles will be used when developing and maintaining arrangements for engaging with people and communities.

9.1.5 These arrangements, include:

- a) Each borough or Place has a local communications and engagement group, comprising communication and engagement professionals from all partner organisations, the NHS, Local Authorities, Healthwatch and the voluntary sector, to drive forward and deliver our priority work. These groups ensure that work and insight is coordinated across the system and that we maximise channels and reach by working in partnership;
- b) These local borough groups report regularly to each place based partnership committee about past, current and planned engagement activities to contribute towards patient voice being central to influencing local decision making;
- c) Informed by EHIA's, JSNAs and local insight, each borough has developed a map of key areas/communities to prioritise engagement work with. Indices of Multiple Deprivation data was overlaid with information about health inequalities. These maps will continue to be refreshed to ensure we are reaching our diverse populations working closely with the population health management team;
- d) Assurance of good practice engagement happens at two levels: firstly each borough or Place has a mechanism for assuring local work;
- e) Secondly we have a South West London group (including Healthwatch and the voluntary sector) to: provide assurance to the ICB that the duty to involve has been met and to provide advice on engagement plans and activities to ensure they meet best practice and are inclusive of those that are seldom heard, experience health inequalities and or/have protected characteristics;
- f) Listening to local people and communities is recognised as everyone's responsibility within the ICB. Training, development and toolkits to

support good practice engagement to be delivered across teams/functions. Teams are encouraged to factor in communications and engagement requirements at an early stage of their planning so that they can be appropriately resourced and meaningfully delivered;

- g) The Board will receive reports which provide an overview of the engagement activities across the ICB – noting the communities it has reached, impact that it has made, decisions it has influenced and any lessons learned;
- h) To support transparent decision making, ICB papers will be published in advance of meetings, including the engagement reports, and meetings will be held in public. Our ‘involving people and communities’ section of our website will include opportunities for people to be involved and provide information about past, current and planned engagement activities;
- i) We will use the following methodologies to reach our local people and communities;
- j) Broad community engagement - working with the voluntary and community sector to host ‘community conversations’, to hear and respond to feedback, answer questions and gather insight. We also widen our reach through organic social media via NHS and partner channels, and paid digital adverts on platforms such as Facebook, Nextdoor and Instagram;
- k) We champion ‘every contact counts’ supporting staff to have ‘confident conversations’ with local people and patients;
- l) Community champions and influencers - working with key local influencers (faith leaders, community champions, health care professionals, GPs and their practices) to lead and host conversations for us building trust and confidence within our diverse communities;
- m) Grassroots support programme – to improve our reach into health inclusion communities facilitating and intensifying meaningful, respectful and culturally appropriate activity in our local boroughs;
- n) Surveys and questionnaires – for example working with our ‘People’s Panel’ (a virtual group of local people who broadly reflect the population of South West London). These surveys have led to deeper dives into specific areas; and
- o) Targeted focus groups and one-to-one interviews - particularly for those who are digitally excluded to help inform and shape our work.
