STOMP

Joojinta daawo ka badan intii
loogu tala galay ee dadka qaba
naafonimo dhanka waxbarashada
ah, autismka ama labadaba

**Qofwalba u wada shaqeynaya si wadajir ah
si loo joojiyo isticmaalka xad dhaafka ah ee
daawooyinka xaaladaha caafimaad ee maskaxda
iyo si loo horumariyo tayada nolosha ee dadka.**

Waa maxay STOMP?

STOMP

STOMP waa mashruuc ka socda England si loo joojiyo isticmaal ka badan intii loogu tala galay ee daawooyinka xaaladaha caafimadka maskaxda.

Waxa jira macluumaad dheeraada oo ku saabsan daawooyinkan boga xiga.

Daawooyinkani waxa loo isticmaalaa in lagu daweyyo xaaladaha caafimaad ee maskaxda. Mararka qaar waxa la siiyaa dadka sababtoo ah waxa loo arkey in hab dhaqankooda ama dabcigoodu uu ku yahay caqabad.

Dadka leh ama qaba naafonimo dhanka waxbarashada ah, autism ka ama labadaba ayay u badan tahay in la siiyo dawooyinka ka dibna dadka kale.

Daawooyinkani waxay ku haboonyihii dadka qaarkood. Waxay ka caawin dadka inay ku joogaan badbaado iyo fiicnaan. Mararka qaarkood waxa jira wadooyin kale oo lagu caawin karo dadka, markaa waxay u baahanyihii daawo yar, ama waxbaba.

STOMP waxa ay ku saabsan tahay in qofwalba loo wada shaqeeyo si wada jir ah si dadku ay u helaan daawada saxda ah marka ay u baahan yihiin.

Sidoo kale waxa ay ku saabsan tahay in la hubiyo ama hubaal laga dhigo in dadku ay helaan taageerada kale ee ay u baahan yihiin. Tan macnaheedu waxa weeyaan uma badna in ay u baahdaan daawada noocan ah.

STOMP waxa ay ku saabsan tahay ka caawinta dadka inay wanaagsanadaan oo ay helaan nolol fiican oo tayo leh.

STOMP

Ku saabsan daawooyinka xaaladaha caafimaadka maskaxda

Daawooyinka xaaladaha caafimaadka maskaxda waa koox daawooyin ah kuwaasoo badala qaabka ama sida ay maskaxdu u shaqayso,

Waxa loo isticmaalaa xaaladaha caafimaad ee maskaxda sida dhimirka, walaaca iyo niyad jabka. Sidoo kale waxa loo isticmaalaa in ay ka caawiyaan dadka in ay seexdaan. Sidoo kale waxa ku jira daawooyinka loogu talagalay qalalka ama suuxdinta. Mararka qaar daawooyinkan waxa loo isticmaalaa in ay badalaan qaabka ay dadku u dhaqmaan. Xataa marka aanay qabin xaalad caafimaad oo maskaxda ah ama qalal.

**Caafimaadka Bulshada England waxa ay leeyihiiin ama ay sheegayaan in maalin walba ku dhawaad 30,000 ilaa 35,000 oo dadka waaweyn ah ee qaba naafonimo dhanka waxbarashada ah ay qaataan daawooyinka
xaaladaha caafimaadka maskaxda, iyagoo aan qabin
xaaladihi caafimaad ee daawada loogu tala galay.
Caruurta iyo dadka da, da yar ayaa sidoo kale loo qoraa.**

Daawooyinka dhanka xaaladaha caafimaadka maskaxdu waxa ay sababi karaan dhibaatooyin marka ay dadku qaataan mudo dheer. Ama ay qaataan xadi ama qiyaas aad u sareysa. Ama ay u qaataan sabab qaldan. Tani waxa ay keeni kartaa dhibaatooyin sida

- In miisaanku kordho
- Dareemid daal ama ‘hab dhaqan aan cadi ahayn’
- Dhibaatooyin halis ah oo jidh ahaaneed.

Inta badan waxa jira wadooyin kale oo lagu caawin karo dadka, Markaa waxay u baahanayaan daawo yar.

- **Ha badalin qiyaasta ama xadiga daawooyinkan ama ha joojin qaadashadooda adigoo aan la hadlin dhakhtarkaaga.**
- **Dhakhtarkaaga iyo dadka ku taageera adiga ayaa ku caawin doona.**
