	Question	Answer (Y / N / U / N/A)	Comments (as much detail as possible)
1 Assessment and diagnosis			
1a	Is the group satisfied the assessment and diagnosis was compliant with the requirements of the Service Specification?		
2 Decision to refer to endocrine clinic			
2a	Is the group satisfied the GIDS had followed the process required to determine correctly that the child met the eligibility criteria for referral to the endocrine clinic?		
3 Parental/guardianship consent			
3a	Is the group satisfied there is evidence of a written record of consent by those with parental/guardian responsibility for the child to be referred for endocrinology assessment?		
3b	Is the group satisfied clinicians explained all necessary information, with opportunity for discussion, and parental/guardian concerns were addressed appropriately?		
3c	Is the group satisfied there was opportunity to discuss without the child being present?		
3d	Is the group satisfied the capacity or ability of those parents/guardians to give consent was explored?		
4 Child's consent			
4a	Is the group satisfied there is written evidence of the child's consent?		
4b	Is the group satisfied clinicians explained information in an appropriate and balanced way (tailored to developmental needs), with opportunity for discussion, the young person's		

	concerns were addressed appropriately, and there is evidence they have understood?		
4c	Is the group satisfied there was opportunity to discuss without the parent(s)/guardian being present		
4d	Is the group satisfied the capacity or ability of the child to give consent was explored?		
5 Safeguarding and Child Protection			
5a	At the point of referral to the endocrine clinic, does the child have a current Child Protection Plan?		
5b	Does the child have a Child in Need Plan in place?		
5c	Are the GIDs clinicians aware of any non-statutory safeguarding concerns that have been raised by any health, education or social care professionals involved in the child's care?		

Record of decision	Summary of decision
<p>MPRG agree that appropriate process has been followed and assurance given on all counts</p> <p>Summarise clearly the reasons for the decision made, which should have been detailed at each step above.</p>	
<p>MPRG agree that there is insufficient information on which to be assured on one or all of the elements</p> <p>Summarise clearly the reasons for the decision made, which should have been detailed at each step above, addressing all the relevant points.</p>
