| Code | Metric | Numerator | Denominator | Period Type | Frequency | Data Source Numerator | Data Source Denominator | Target | Notes | Q1 | Q2 | Q3 | Q4 |
|----------|--|---|---|-------------|-----------|--------------------------|--------------------------|--------|---|-----------------|-----------------|-----------------|-----------------|
| CFS04-A | Percentage of patients admitted who are admitted to a single room/cubicle | Number of patients who are initially admitted to a single room/cubicle, within the reporting period (admission in period) | Number of CF patients (in age group) admitted, within the reporting period | Quarter | Quarterly | Provider | Provider | | This metric relates to the CF specialty ward only | Apr-22 - Jun-22 | Jul-22 - Sep-22 | Oct-22 - Dec-22 | Jan-23 - Mar-23 |
| CFS05-A | Percentage of patients admitted to a ward staffed by CF specialist staff (as defined by national specialist service specifications - A01/A/a for the adult specification and A01/S/b for children) | Number of patients admitted to a ward staffed by CF specialist staff, within the reporting period | Number of CF patients admitted, within the reporting period | Quarter | Quarterly | Provider | Provider | | As defined by national specialist service specifications - A01/A/a for the adult specification | Apr-22 - Jun-22 | Jul-22 - Sep-22 | Oct-22 - Dec-22 | Jan-23 - Mar-23 |
| CFS09-A | Percentage of routine CF appointments at multidisciplinary clinic where patient was seen by Physiotherapist | Number of routine outpatient CF appointments at the multidisciplinary clinic where patient was seen by Physiotherapist | Total number of appointments in CF out patient clinics, within the reporting period | Quarter | Quarterly | Provider | Provider | | to include virtual contact via phone or video | Apr-22 - Jun-22 | Jul-22 - Sep-22 | Oct-22 - Dec-22 | Jan-23 - Mar-23 |
| CFS10-A | Proportion of routine CF appointments at multidisciplinary clinic where patient was seen by Dietician | Number of routine outpatient CF appointments at the multidisciplinary clinic where patient was seen by Dietician | Total number of appointments in CF out patient clinics, within the reporting period | Quarter | Quarterly | Provider | Provider | | | Apr-22 - Jun-22 | Jul-22 - Sep-22 | Oct-22 - Dec-22 | Jan-23 - Mar-23 |
| CFS11a-A | Percentage of CF patients seen (e.g. annual review screening, in-patient or out-patient consultation) by a clinical psychologist within 12 months prior to latest annual review | Of those in the denominator, the number of patients who were seen by a clinical psychologist in the 12 months prior to the annual review | The total number of CF patients on caseload having an annual review in the reporting period | Quarter | Quarterly | Provider | Provider | | new metric to reflect changes | Apr-22 - Jun-22 | Jul-22 - Sep-22 | Oct-22 - Dec-22 | Jan-23 - Mar-23 |
| CFS13-A | Percentage of urgent CF admissions (target to be admitted <24 hours) that were admitted <24 hours | Total number of patients admitted (who required admission within 24 hours) | Total Number of patients who required admission within 24 hours | Quarter | Quarterly | Provider | Provider | | | Apr-22 - Jun-22 | Jul-22 - Sep-22 | Oct-22 - Dec-22 | Jan-23 - Mar-23 |
| CFS14-A | Median FEV1 (% predicted) | Median FEV1 (percentage predicted) for clinic in adult patients aged 16 years and above | | Annual | Annual | Cystic Fibrosis Registry | | | Please note: there is a small (less than 1%) proportion of patients who have not given consent for their data to be submitted to the CF Registry. Best recorded data is used for this metric. Data is age adjusted. | N/A | N/A | N/A | Jan-21 - Dec-21 |
| CFS15-A | Median BMI percentile for patients aged 16 years and above | Median BMI percentile for patients aged 16 years and above (actual BMI (kg/m ²) - data from Adult clinics) | | Annual | Annual | Cystic Fibrosis Registry | | | Please note: there is a small (less than 1%) proportion of patients who have not given consent for their data to be submitted to the CF Registry. Data is age adjusted. | N/A | N/A | N/A | Jan-21 - Dec-21 |
| CFS16-A | Proportion of patients with chronic Pseudomonas aeruginosa infection (three or more growths in a year) | Of those in the denominator, number of patients in adult clinic on the CF Registry with chronic pseudomonas (three or more growths in a year) | Number of patients in adult clinic on the CF Registry | Annual | Annual | Cystic Fibrosis Registry | Cystic Fibrosis Registry | | Please note: there is a small (less than 1%) proportion of patients who have not given consent for their data to be submitted to the CF Registry. | N/A | N/A | N/A | Jan-21 - Dec-21 |
